CARROLL STEPS IN

Discretionary fund to be reimbursed

By James Roberts
After resigning from office past president Grant Sidnick told reporters he would pay a part of the president's discrepart of the president's discre-tionary fund back to the students of BCIT. Every year the S.A. president has access to the fund (set at \$750 this year) which he or she may use for personal expenses. Side had spent the complete nick had spent the complete account within a month after assuming office but has failed to hold office for a com-

Acting president Andrea Bartlett told council members Monday evening that Sidnick will be asked to repay \$313 to

the S.A. to cover the portion of the term he will be absent.

Just how Sidnick spent the money remains unknown: in September Sidnick told The September Sidnick told The Link he spent the money on clothing. But in a later radio interview Sidnick told CFML listeners, "No, (I didn't pay for clothing.) You paid for, let's see, a downpayment on my spent part of my comapartment, part of my computer. So it wasn't al clothes."

Asked how he plans to spend the remaining \$313 in the president's discretionary fund new president Pat Car-roll said he has no immediate plans to spend the money.

No more free phones

By Charlie Smith

The Student Association has replaced the free phones in the SAC with pay phones after a barrage of vandalism in the fall. Lorne Hildebrand, S.A. Assistant Business Manager, approached B.C. Tel about placing free phones in the lobby of the Library in-stead, but the phone company balked, pointing out the pay phones there would receive little business with free installations in the same area. Phil

Phil Henderson, S.A. Business Manager, said the S.A. has provided free phones for about 10 years. The S.A. council has not decided whether it will continue offering students free phones

anymore.
"I don't see a need for free phones," said Jim Redfern, member at large. Redfern added that with the S.A. in a deficit situation, it would have to abandon some of the philanthropic services it now

"The S.A. cannot necessarily be pouring money into services that are vandalized," said Cheryl MacNaughton, v.p. Public Reations.

Pat Carroll, new S.A. president, was noncommittal on whether students would have access to the free phones in student executives' Link Staff Report

The Student Association council unanimously endors-ed Pat Carroll as the new president Monday night. Carroll's previous position as vice president Student Affairs remains vacant until council chooses a successor, as early

Many council members praised Carroll for his excellent rapport with the BCIT administration. The new president said he plans a co-operative approach with administration officials.

"I'm not a radical," Carroll confided, admitting he has no use for confrontational tactics.

But Carroll already plans one change. He said he will reinstitute last year's policy of placing a limit on the number of drinks the S.A. president and vice presidents are allowed to charge in Taps when they are entertaining

guests.
His predecessor, Grant Sid-nick, was allowed open bar priveleges in Taps when he entertaining visiting

dignitaries who had appointments with him. V.P.'s Cheryl MacNaughton and Andrea Bartlett were accorded the same privileges. Last year however, executives were allowed to sign for a maximum of \$25 in alcohol at any given time. The drinks had to be for business purposes.

One of Carroll's last acts as vice president was to in-troduce a first draft of a pro-posed students' rights and responsibilities manual. Council tabled the paper for further study, but Carroll hopes the senior administra-tion will ratify the plan before he ends his term of

studied the students' rights manuals at NAIT, SAIT, the University of Victoria, UBC, SFU, some Eastern collegs and some American col-leges and universities," said Carroll. He added that BCIT is one of the few post-secondary institutions that does not have a students' rights document.

Carroll's students' rights

and responsibilies paper contains 28 points. He hopes, among other considerations, that students will have access to any BCIT records relating

Meanwhile, the search for a successor as Student Affairs v.p. continues. Terry Gaetz, Health Society Chairperson, was nominated at the Monday Council meeting.

"My reputation rests on its own two feet. I'll have the time to serve this term," said Gaetz.

Ray Richard. Sports Chairperson, nominated member at large Carol Hess to fill the position. Hess said she was surprised to be considered for the post, and she will say next week whether she is going to stand for the

office.
Richard also nominated Jim Redfern, but Redfern said he will be off campus for 60 per cent of the time after March. Redfern was also suggested as a possible successor to Sidnick, but he declined saying he did not have the time available.

New president 'logical choice'

By David Mattatall

The BCIT Student Association has a new president. His name is Pat Carroll and if his name sounds familiar its because he was the S.A. vice president of Student Affairs

On Monday night, student council voted unanimously to install Carroll as S.A. president. Carroll was the only nominee for the job.

Carroll is a second year Natural Gas and Petroleum student who says he looks forward to his new job. "I forward to his new job. "I want to do a good job... the best job I can." Carroll first became involved with the S.A. executive when he ran for v.p. Student Affairs. He was the only nominee and was acclaimed in last March's stu-

The impromptu presidential election came about after the surprise resignation of Grant Sidnick at the January 6th council meeting.

Carroll says he thinks he got the job by a process of elimination. He said the other executive indicated they were either too busy or not interested in becoming president.

But Carroll said there were other factors involved. "If nobody else was interested, the result would be a campus wide election and that costs time and money." Carroll also said as president he will concentrate on student related issues such as the campus

cleanup program.

And it seems other council members are happy with Car-roll's election. North campus representative Austin Werner said: "Pat was a logical choice. Pat and Grant worked together on many things.

However, Werner is a little less sure about what Carroll will do as president. "No will do as president. "No priorities were given to me by Pat," he said.

And that sentiment was in some measure expressed by Jim Redfern, member at large I don't know what his platform is, but he's the most suitable." Redfern added "his focus is like the rest of the executive, its on the campus

And as Carroll takes over the top job ao the S.A., he's wary about his marks. Carroll said he has a weighted average of 80.7 per cent and he wants to keep it that way, although he knows his marks may suffer. may suffer.

Link mistake

In last week's Link story on the Staff Society contract we identified BCIT's director of personnel and employee relations as Ken Bell. In fact, his name is Ron Bell. The Link apologizes to Mr. Bell and Link reporter Charlie Smith for any embarassment this mistake may have caused.

STUDENT ASSOCIATION EXECUTIVE: PRESIDENT, V.P. ADMINISTRATION & FINANCE STUDENT ASSOCIATION TO PRESIDENT ASSOCIATION OF P

H

Council supports revenue change

By James Roberts
A man with a persuasive voice entered the Student Association meetings at seven and left at 7:10 with a guarantee of \$177 thousand support the proposed new BCIT building called the Campus Center.

Troy Nagy's plan, which ters the relationship between the Student Association the Recreation and Athletic Services department was quickly endorsed by a full council at its Monday meeting.

The plan will allow the S.A. to pay off an existing bank loan of \$37 thousand next year while Recreation and Athletics will pay the interest. The plan gives Recreation and Athletics the right to collect and maintain control of all funds earned from the recrea-tion facilities, and Recreation will take responsibility for rennovating the SAC building

cost estimated at \$140,000.

The complex deal received minimal questioning from council and Nagy concluded his presentation and the vote by thanking all council members, saying "I would like to thank the council, it's a positive step, and the Campus Center is going to be rolling along."

Nagy explained to council that he required funding to pay a company which has been contracted to raise funds for the Campus Center. Nagy indicated Nuala Woodham has been con-tracted to raise \$750 thoutracted to raise \$750 thousand but she must be paid "about \$100 thousand up front." A cash strapped council decided to defer a bank loan of \$37 thousand until next year and give up the right to all future income from the rental of the racquet the rental of the racquet

Punitive poster policy

By Charlie Smith
Cheryl MacNaughton, v.p.
Public Relations and
Marketing, unveiled a new
policy designed to punish
groups which refuse to
remove posters advertising
dances after the festivities

MacNaughton said organizations advertising dances in Taps will not be paid until five school days

have elapsed after the event. If posters are still on campus, the groups will be charged a \$25 fee which will be deducted from the bar

receipts.

MacNaughton said it is the S.A.'s way of helping clean up the campus. She added her p.r. assistants would remove the posters if they are still on bulletin boards after the

Television writing course

The New Play Centre has announced a Winter Television Writing Course. The six week course, a continuance of the New Play Centre's film and video development program, is open to all interested writers. Applications may be made directly to the New Play Contre. Enrolment is limited,

early registration is advised.

The course will be taught by Cherie Thiessen of Victoria. Thiessen is an award winning playwright whose works include The Actors, The Extroverted Suicide and Pass The Salt Peter. She has also been actively involved in broadcasting and has exten-sive experience in writing for radio and television. Her many credits include writing episodes for *The King of Ken*sington Beachcombers. and

This class will focus on the writing of half-hour television scripts. Such areas as conception, structure, and character will be covered. It will afford the beginning writer the opportunity to turn ideas into scripts and the more experienced to work on their existing projects. Duration: 6 weeks Time: Wednesdays - 7:30 to 9:30 pm

Dates: February 4 to March 11, 1987 Place: New Play Centre Tuition Fee: \$95.00 Maximum enrollment: 12 Ap-plication deadline: Friday January 30, 1987.

LOST AND FOUND

The Link will run your lost or found classified ad at no charge. All other classified ads \$1 per 25 words or less. Deadline Monday noon.

Residence

BCIT currently has rooms available for both males and females at Maguinna Residence (on campus) and at Redford House (off campus) at very reasonable rates.

Each residence offers uniquely different lifestyles and activities. Maquinna provides a community arrangement with shared kitchens and living areas Redford House offers private rooms and baths plus a partial meal plan.

For more information, drop by either residence or contact Maguinna at 432-8677 or Redford House at 294-6873.

FOOD STORAGE

Food poisoning: what is it?

Now that we've exhausted the topic of food additives and preservatives:

What is food poisoning? What causes it?

What can you do about it? Food poisoning can be caused by a variety of microbes found in tainted food or harboured in natural foods such as mushrooms, mussels, and other sea foods. The most common causative organisms are: Staphylococorganisms are. Staphylococ-cus, Clostridium, Shigella, and Salmonella. They each have a particular incubation time. They alr cause upset in gastrointestinal tract, evidenced in either vomiting evidenced in either vomiting or diarrhea, sometimes both. The onset of the symptoms is abrupt and quite dramatic. You may feel like you're going to die, it's that awful.

Tables 1 and 2 delineate the characteristics manifested by each of the

manifested by each of the four mentioned microbes.

Food poisoniong: prevention

This is by far the most important aspect with which you should be concerned. Since there is no cure once you're feeling the effects of having eaten contaminated food, best avoid the whole situate tion, right? And these are sim-

ple things you can do:

1. Buy food from clean, reputable stores.

Keep hot foods hot, and

cold foods cold.
3. Vacuum-packed meat slices are perishable so keep them in the fridge.

4. Don't buy food that is supposed to be frozen, but which has thawed out.

5. Keep frozen goods frozen until you want to use them.
6. Heat pre-cooked frozen foods according to the directions on the labels. tions on the labels.

7. Refridgerate left-overs within one hour and keep them in the fridge until you want them again.

8. Food containing eggs, milk, gravy, salads with dressing should be served within 2

hours or be refridgerated.
9. Avoid making sandwiches if you have infected cuts or a

bad cough. 10. Ready-to-eat barbequed chicken should be bought piping hot, kept hot or refridgerated until serving time.

11. If you're doing some home-canning, always follow the directions, and never can non-acid foods (such as meat, fish, soup, beans, peas, or corn) unless you use a pressure canner.

12. If you have opened canner.

ed food that spurts, or bub-bles when opened, has an off colour or off odour, or the can bulges before it is opened, throw it out. Do not taste it.

13. Don't eat any foods that have an off flavour.

14. Keep everything in the kit-

Birdies, birdies everywhere

Team Name

If you've never played badminton, you may have wondered why so many people spend their spare time playing it. Getting their jollies whacking a litle bird around with what is obviously a undernourished tennis racquet. Well, BCIT has a team that is quickly becoming one of the powers in the Totem Collegiate Conference. And much of the credit has to go to head ceach, leff Abbott

to head coach, Jeff Abbott.

Jeff is currently in the last year he needs to get his teaching degree at UBC. Born and raised in Golden, He's been playing badminton for a long time. In Jeff's final three years at high school, the school team won the bronze, silver, and finally the gold at the B.C. Championships. After graduation, Jeff came down to Langara College for Phys. Ed. and continued playing. He went undefeated, as a matter of fact, for the three years he competed in che Totem Conference.

Badminton is a team sport. Each team consists of a men's single and couble, a women's single and double, and a mixed doubles team. To win a match, the team has to wim three of the five games. The Totem Conference has three preliminary tournaments before the finals in March, which are at Malaspina this year. In the first tournament

Entry Deadline January, 28th Excellent Tournament Prizes

Clubs Update

Archery: Shoots regularly Tues, and Fri. morning 7:00 to 8:15. Equipment provided.

Balfroom Dancing: Interest in this new club ran very high during club sign up last week. Specific details have yet to be formulated but a one day introductory session will be offered followed by a series of instructional classes.

Chess: Tournament begins today, see ad. Players may join at a later date if they are interested.

Curling: What a great way to start your weekend - curl for 2 hours then socialize for another 2 or 3 or ...! Four teams started rast Friday but some more are always welcome. Drop in fee is only \$4 per person per session.

Fencing: The interest was not sufficient to get this club go-

ing. Future possibilities may be a day long introductory class. Individuals interested in fencing can be directed to the Provincial Fencing Association.

Outdoor Club: 1st years meeting tonight 5:30 ao the Electrical Training Centre Auditorium. Bruce Kellar frol Mountain Equipment Co-op will be on hwnd to discuss equipment. Also 2 short films on cross-country skiing, plus more related information.

Shisei-Kai Karate: Instructor James Johnson puts club members throui h their paces every Mon. and Wed. evening 9:00 pm to 10:30 pm. Only \$20 per month.

Scuba: Two meetings are planned first for certified divers to schedule dives and second for non-certified divers for information on the certification course. Certified divers: Tues. Jan. 27, 5:30 pm in the SA Board room. Noncertified: Tues. Feb. 3, 5:30 pm in the SA Board room.

Tennis: Tennis club plays Sundays from 6:00 pm to 8:00 pm using indoor courts close to the campus, The \$10 membership fee goes toward the individual's court fees.

Alumni Update
With Nicki Magnolo

The Alumni office has four work study positions available immediately for marketing assistants and alumni researchers. Hours are flexible up to a maximum of ten hours per week and the hourly rate is \$7.50. We'd like to put somz students to work as soon as possible. Interested and eligible students should contact the Alumni office at 432-8847, 8:30 am to 4:30 pm, Monday through Friday.

Funds are still available for students related projects and activities. I'm surprised more students and staff are not making applications. Last month the Alumni Fund made awards to the Civil and Structural Concrete Toboggan Team (\$500.00) and to Hospitality and Tourism student Terri Russell for the Hospitality Update in Toronto (\$300.00). Every month applications are reviewed and awards made to qualified projects. To apply contact the Alumni office.

Two outstanding alumni have recently been awarded the Alumni Achievement Award. Both recipients also happen to be on staff at BCIT.

Award. Both recipients also happen to be on staff at BCIT.
Marlo Mazziotti graduated from BCIT with Honours in Computing Systems Technhlogy in 1974. He is currently completing a B.Sc. degree at SFU and hopes to control the MEA program.

Following graduation, Mario went to work initially with Nissan Automobile Canada. In 1975 he joined BCIT in the Computer Resources Department. He became manager of Data Processing in 1980, Acting Registrar in 1982, and Director of Student Services in 1983 with the Pacific Vocational Institute. In 1986 he was appointed Registrar of BCIT.

Marsh Heinekey is a BCIT

Marsh Heinekey is a BCIT graduate in Civil and Structural, 1975. He too went on to further education and completed a Bachelor of Technology in Civil Engineering from Ryerson in 1982. He is presently working through Waterloo University toward a B.Sc.

Marsh spent 15 years in Construction Materials Engineering. He held a number of positions including Inspector, Lab Supervisor, and Manager of Field Engineering. For the last 10 years he's been on staff at BCIT teaching both day and part-time programs. He also teaches a third year Civil Materials Engineering Course at U.B.C.

Mario and Marsh received their achievement awards during the open session of the moso recent Board of Governors meeting. BCIT gave these gentlemen a start, now they give BCIT the benefits of their accomplishments.

JOB POSTINGS

Ice Hockey Officials Needed

Linesmen and scorekeepers are required for the Wednesday ice Hockey League. Applicants should have a basic understanding of the game. Experience is preferred but not necessary as training will be provided.

Scorekeepers earn \$10 per game while linemen earn \$15 with two games per week and with the season lasting until March 4th, there is some extra money to be made.

Apply at the Recreation and Athletic Services Office.

go into the MBA program. their

Taps in the SAC

and another exhibition put on by BCIT, our team fared quite

This is Jeff's second year as coach of the BCIT badmin-ton team, and even though the final team isn't set yet, he feels the team has a good cnance of winning it all this year. Douglas, Langara, and Malaspina will be probably be their toughest competition. The BCIT facilities and support for the team, and his player's hard work has left Jeff with a good feeling about the rest of the year. Jeff en-joys coaching because of the chance he gets to sharpen and exploit a player's skills. Jeff likes a close team, and tries to get to know his players closely, and socializes with them after tournaments and practises. He wouldn't even let a picture of himself be shown unless his team was included, so we'll have to wait for one. Whether Jeff coaches next

year or not depends on where his first teaching job will be. If he's lucky and lands a job

Quiet time in Library

In an effort to control noise levels in the stacks of Main Library, the large tables have been removed and replaced with single study carrels. As well "quiet" signs will be placed in each carrel.

Please remember that the Library is a study area and your conversation may your conversation disturb other students.

teaching grades four to seven around Vancouver, then we'll

be lucky enough to have him back.

Begins Wed. Jan. 21

Games played from 11:30 to 3:30 in rm 347, J.W. Inglis Building Sets available from Karl, rm 336

Prizes Awarded!

Spring term financial assistance

Students experiencing financial difficulties should be aware that they can still apply for the following types of student aid:

B.C. Student Assistance (Canada Student Loan/B.C. Student Loan)
Students who not have yet applied for B.C. Student Assistance for 1986/7 can still do so. For Technology students in most programs the deadline for submitting applications is March 13, 1987 1987. Students requiring informa

tion and assistance in initially applying for government loans are invited to attend a BCSAP Workshop. The sessions for Technology sions for Technology students are held every Thurs-day from 12:30 to 1:30, while the workshops for Trades students are on Fridays from 1:30 to 2:30. Students wishing to attend one of these sessions can register at the Stu-dent Services Reception.

Students who have applied for B.C. Student Assistance earlier in the year but wish to have a reassessment of their award should make an ap-pointment with a Financial Aid Advisor.

BCIT Spring Term Bursaries

Technology students who wish to apply for a Bursary must do so by january 23. Students in terms/levels 2, 4 and 5 are eligible to apply. The deadline for Trades

students is the 29th of each

Bursaries are non-repayable grants that vary between \$100 and \$1000. Applicants must make a good case that they have exhausted all other potential sources of funds and still find that they will be short of money to finish their year. Technology students must have an overall average of not less than 60% in their last term at BCIT to be considered for a Bursary. Trades students must be progressing satisfactorily in their studies.

Work Study
The Work Study Program
provides part-time employprovides part-time employment up to 10 hours per week. Wage rates are \$7.50 and \$8.31 per hour. A number of new Work Study positions have been approved for the spring term (January to April 30) and are now posted at the BCIT Canada Employment Centre (north west corner of the 1A Building, second floor).

Work Study is a financial aid program and is available only to those students who have applied for B.C. Student Assistance and require more funds than they are receiving

in student loan.
For further information on the above programs, students shuld visit the Student Services Reception - north west corner of the 1A Building, se-cond floor. Hours are 8:30 am to 4:30 pm.
