# ADMINISTRATION SUPPORTS HIGH FOOD PRICES

In case you didn't know, the food prices on campus have risen 'slightly' since last May to an average tune of 67 per cent! The reason? The rising cost of food. It is funny to note though that the Prices Review Board, a Government body, have released figures stating that since August 1974, the retail price for food has risen by only 11 percent. A difference of 56 percent. This seems to be unjustified.

Let's add a few facts to this interesting story. On May 8th, 1975 a motion passed by BCIT'S Board of Governors directed the Administration to increase prices in the Food Training Centre and Bookstore by 10 percent. This is not an unreasonable increase as inflation is a fact of life and we all have to compensate. The increase that followed however, turned out to be nearer 60-70 percent in the student areas of the cafeteria while the staff had an 80 percent increase imposed. Upon receiving a notice of the increase, on August 29th 1975, I immediately wrote to the Campus Food Advisory Committee and the Board of Governors protesting the increase.

At this point, I would like to bring to light another interesting fact. The motion by the Food Advisory Committee to increase the food prices was passed at a meeting of that Committee. There was no student representative (that is myself), nor a representative from the Staff Society was present. This would appear to be strange considering that between our two groups we represent 90 percent of the entire population on this campus. I think if we had been there that the outcome would have been different.

To get back to my original protest I will use the following excerpt from my letter to the Committee and the Board.

"The Student Executive on behalf of the Student Association objects to the increases on the following grounds:

1. As this is a revenue producing service it should be turned over to the Board of Governors, Finance Sub-Committee for their investigation and approval. This, as yet, has not been done and it would appear that the Administration are overstepping their authority by commencing with increases before Board approval.

2. Students this year have already been faced with a 100% increase in fees, at least a 10 percent increase in books and supplies and now a substantial increase in food prices. This burden is becoming too great for those students in residence who must rely on our facilities for food.

The Administration after receiving the letter then requested a meeting with me. At that meeting Cliff McAdam, Executive Director, Administration, tried to make me believe that he and the Administration were merely following the motion that the Board handed down. He claimed that what the Board really meant by the motion was that prices were to be raised to full cost recovery level plus 10 percent. This I have checked out with members of the Board who claim the motion reads and means exactly what it says: Prices in the Bookstore and Food Training Centre are to be raised by 10 percent. The motion says nothing of Cost recovery or any other figment of anyone's imagination.

this whole question of cost recovery makes you wonder how it has come to pass that when the budget was made up and approved, the Administration happened to overlook a meagre \$432,000 in operating costs for the Food Training Centre, which they are now

trying to recovery by picking your pockets with increases larger than they were directed to by interpreting a motion to meet their own requirements.

The next step in this whole question came about on Sept. 11 1975, at the Open Meeting of the Board of Governors. I asked the Board to investigate my claims against the Administration and to make a ruling on the controversial motion of May 8th, 1975, before we came into a full head-on confrontation between Students, the staff and Administration. I was then asked by a member of the Board if I had the capability of stopping the confrontation. My answer was NO! My reason, I then stated, was because I did not have the authority to reduce prices to a reasonable level. The Board then moved that the situation be discussed in their "In Committee session" (closed door). During that session it was moved that any further discussion on the subject be delayed until September 22, 1975, when the Board met again.

The following day, Friday, Sept 12th, 1975, I attended a special meeting of the Campus Food Advisory Committee. Here a couple of significant things happened.

First, we were informed that the Pace Services Contract had been extended for one more year. However, this contract was not thrown open for tender, a strange situation to say the least when at the Student Association offices we have been approached by other companies to bring their vending machines on campus. To make matters worse, Pace also increased their prices during the summer (when nobody was around) and now again prices are going up 12-16 percent on most food items in the vending machines.

The second event at that meeting and probably the most important, was a motion that I made, and which I will quote here. "I move that all food prices be reduced to the prices charged for food on this campus prior to September 2nd, 1975, until such time as a ruling be made by the Board as to their directive to Administration to increase prices for food services." This motion was defeated by a 7-6 vote.

Now I'm going to tell you how the voting went just to illustrate the capability of Administration to manipulate committees on this campus so they can carry out their business as they want to. The six votes for the motion to reduce the food prices until a ruling be made by the Board, were BCIT Staff Society, BCIT Student Association, BCIT Hotel-Motel Dept. which had 2 members because of their involvement in Food production for their courses. The six votes against the motion, that is to continue on with the present prices, was as follows. Manager, Food Services, Assistant Mgr, Food Services, Head Instructor, Food Services, BCGEU Representative (Employed in the Food Training Centre and answerable to the first three gentlemen mentioned), the BCIT Bursar (Administration), BCVS Administration, and the tie breaker - Cliff McAdam, BCIT Administration and Chairman of the Committee. This vote might not seem to be too slanted but it is interesting to realize that the first three people mentioned are answerable to, and employed by the BCIT Administration. The fourth, as mentioned before is answerable to the first three, the fifth is part of Administration, the sixth is Administration from BCVS and as he said in the meeting, he and his Bursar had put their heads together over this issue.

Ladies and gentlemen, the final count - Administration, representing one percent of the population 7 votes - everybody else 6 votes.

Just to add insult to injury, to this whole situation, an Administrator afterwards said that he was not worried about what was happening because he did not think the Student Association would do anything about it.

With statements like that I feel it reflects the Administration's attitude towards students. You're only pawns in their games. Your education, welfare and happiness at BCIT are only secondary so long as they can continue to build their own little empires around themselves, find ways to outmanoeuvre the Board of Governors. If you are still in doubt about the attitude of Administration to students come and talk to me about what happened to the Student Services part of the BCIT budget.

I would like to close this article by asking for your hundred percent support on a boycott of the food services on campus. This means everyone bringing their own sandwiches until we get a settlement with Administration. You will all be contacted later on further action. Anyone wanting to help organize further protestive action should contact me or leave their name and phone number at the Student Association Offices in the SAC Building.

Student Cafeteria,  
FOOD TRAINING CENTRE

## B.O.G. MEETING

On Thursday, September 11, at the regular open meeting of the B.C.I.T. Board of Governors, the Student Association presented several briefs to the Board. These briefs were presented to the Minister of Education in July, but due to holidays, the Board has not held an open session where they could receive the briefs since then.

Negotiations have been proceedings with Victoria on all these matters to get a better deal for students. With help from the students it could be possible to have food services in Brentwood House by Christmas.

Anyone who would like more information can obtain it from the Student Association Office.

topics in the briefs were:-

- Brentwood House Library Use at B.C.I.T.
- Necessity of transferring land and buildings on this campus to B.C.I.T. control.
- Student Services (Counseling Services)
- Development proposals for the Willingdon Campus.
- Food Services at B.C.I.T.

## Past President Dies

GRAHAM FANE  
PRESIDENT 1972-73

I am writing as a past Student Council President, on behalf of Laurie Jack, President 1971/1972 who died in a plane accident September 3rd, 1975.

Every Council President has relied on the work of past Presidents for guidance on their work. Since 1972, Council Presidents have referred to Laurie Jack's administration with admiration, and respect. Laurie displayed total involvement and devotion in his work for B.C.I.T. Students and accomplished more in his year than any other President. He was a model President, thinking only of his constituents.

Laurie was almost single handedly responsible for the tremendous progress he made in attempting to resolve the student residence problem. To this day, Student's Council is lobbying to have the 'Laurie Jack Proposal' implemented, a proposal which is a solution to the most critical problem faced by students, housing.

### Laurie Jack Scholarship

At the Student Association meeting last week it was decided to establish a "Laurie Jack Memorial Scholarship" to be given to a first year student for work done on Council in his/her first year. The amount of the scholarship will be \$500.

Laurie Jack will long be remembered as the most 'COMPLETE' President this union has known.

Laurie Jack  
Student Council President-71-2

**WILEY  
WILLIE

Shinerama. It was such a disappointing display of school spirit and involvement that it brings into question why we go to school anyway.

350 troupers marching the streets to shine shoes for Cystic Fibrosis out of a school population of 3,000.

Now you may well ask 'What is Cystic Fibrosis?' Well I don't know, but I'm sure it's very important, after all they granted a day off just for the campaign. And I think that if you get a day off for something like this you should feel obligated to do your bit. Unless of course you're like myself and have urgent things to attend to such as getting my required vitamin D by lying around in the backyard.

Anyway, in the future, a little information about the purpose towards which I might be directing my efforts would help. Is it Canadian? or is my sweat going to finance some FATCAT administrator in Detroit. Is it right or leftist? I'm not saying I'd support it if I knew this but somebody else might.

## NEW SECRETARY BEVERLY

By Theano Komar  
LINK Reporter

If you come to the 'SAC' feeling lost about the how's, when's, where's and what-nots of our campus, there just might be someone who can direct you - although she's not promising anything - yet. Beverly Statham, secretary of Student Association and a newcomer to the staff, is keeping things organized at BCIT from the foundation up. So far though, she is yet to finish one job...before another one has her going again. But busy as it gets, Bev is always willing to answer your questions, OR at least tell you who can - as the case may often be.

Formerly employed by various businesses, Bev welcomes the change of atmosphere that BCIT and its students have to offer. Last winter, she was a student here herself, specializing in Secretarial Sciences and Management Psychology. Bev explained, 'I really enjoyed BCIT,

and with the wide age spectrum of students, ranging anywhere from 18 to 60, a person doesn't feel so out of place.

Women's Libber?! You better believe it! (Well...within reason of course) 'Ms mom Statham' refers to herself as a 'refined non-militant feminist', (although she won't burn her bras because she candidly admits to needing them!) But when it comes to JOBS, it's got to be 'equality to the point of opportunity'. And guys, if you're good looking, she'll even open her own door!

Bev wouldn't commit herself to state any changes she might like to see made around here...It's too soon to tell and I'm too diplomatic to say'. She appears to be pleased with the executive 'and everything'!

Any ideas about the future? Yes, she plans on staying HERE for awhile. All the best to you Bev!

## Commerce Student Services. They're tops!

At the Commerce, we offer a complete range of student services, to help you with your banking needs. Services that you'll need now, and after graduation.

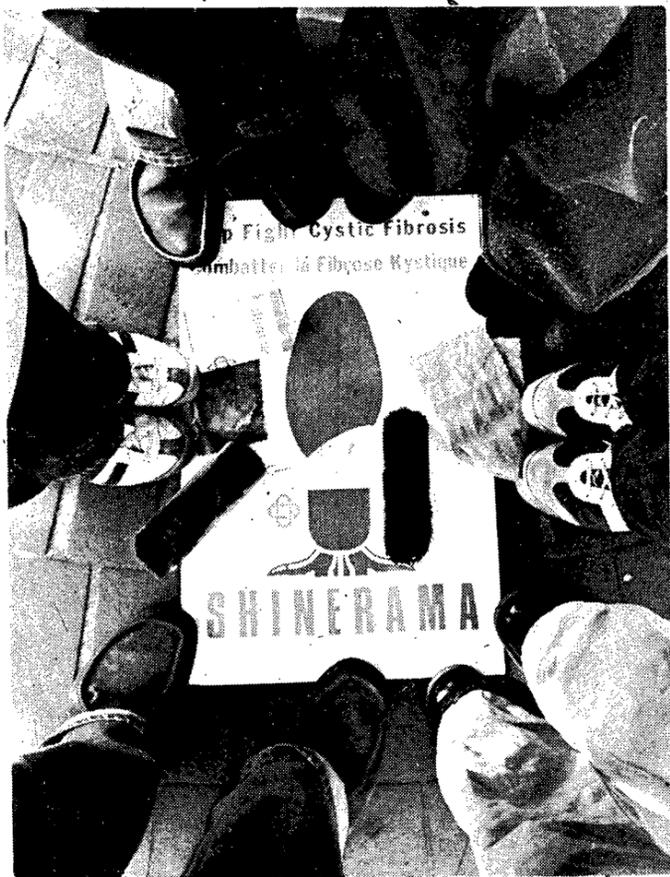

Like savings accounts, to help your money grow. A variety of loan programs, including Bankplan and student loans. Chargex, and more.

Get to know the people at the Commerce on or near your campus. Drop in and ask about opening a savings account with us.

We think you'll find our people are tops, too.

CANADIAN IMPERIAL  
BANK OF COMMERCE

BY SHIRLEY ENNS

Shinerama has come and gone again for another year. Approximately 350 students came out to shine shoes which is not too bad considering over 500 students had signed up! What happened to the other 150 students? This year we raised \$8,800 from our shoe shine blitz (last year it was \$11,000).

A lot of people put a lot of hours into the organizing of this one day - some of them rewarding but many were discouraging when we heard the familiar words "Sorry we cannot help you" from businesses.

A group of students started to work on Shinerama in summer to find food, transportation and all those other things that go to make the day of Shinerama a little more enjoyable for those who were out there shining shoes:

Burnaby  
New Westminster  
West Vancouver  
North Vancouver  
Uptown Central  
Uptown West  
Downtown A  
Downtown B  
Gastown  
Richmond

All of you did a fantastic job with the limited number of shiners that you had.

A group of students from Hotel-Motel made up the sandwiches on Friday morning for the shiners - what an assembly line! Also on Friday morning another group were setting up the Dance for that night. Then all day Friday over at the school another group were busy counting money - I am sure if they see that much money again it will be too soon! All of you did a great job!

I would also like to thank the staff who attended the dance on Saturday night.

Shinerama turned out to be a great day and I hope that with all the hard work you put into it you also had a little fun - Remember, YOU helped to give a child the breath of life.

THANKS TO ALL OF YOU.

SHINERAMA DANCE  
By: Shabir Amershi

Everyone was out there to boogie and generally have a good time. There was no sign of violence or vandalism in the S.A.C. gym or cafeteria, and I saw only one person (believe me!) who was drunk. Over 1200 people attended the dance, and all tickets were sold out by 7:30 PM. The music started at 9:00 and ended around 1:30am.

Free door prizes were given away to three very happy people. Raffle tickets sold at \$.50 each or 3 for a \$1.00. The first prize in the raffle was a Phillips radio, won by Mike Brown of Set 20E2.

One of the best things about Friday night was the feature band, Jale. They were a gas, and out to get the crowd. Whenever they go onstage, everybody would get on the floor. Hardly a couple notes were struck, and they would all be doing their thing. It was an 'anything goes' sort of crowd.

## THANK YOU

Fight Cystic Fibrosis

## SHINERAMA

The Shinerama Dance on Friday night was one big bash!

In between sets, disco music was provided by Rosco Enterprises. The crowd, however, did not appreciate their music too much - you can't blame them. They weren't out there to dance to stuff from the sixties. There was also the Trinidad Moonlighters Steel Band, with their weird instruments. People gathered around the stage to watch them, and wondered what the instruments were. I talked to the leader of the outfit, and found they were called, simply, calypso instruments of the West Indies.

The lead is like the piano, fronting the more important rhythm section. The music isn't amplified. The band wasn't there to get everybody to dance, only to listen. It provided relaxation. They usually cater to audiences over 25 and have been around for over eight years. They aren't full-time musicians, playing only for fun. When Jale finally left, people started dancing to the Steel Band. They provided us with very enjoyable music.

### LINK CONSTITUTION

#### THE CONSTITUTION AND BYLAWS OF THE STUDENT NEWSPAPER OF THE B.C.I.T. STUDENT ASSOCIATION

This constitution was written by the 1974-75 LINK editorial staff in conjunction with the 1974-75 Publications Chairman.

1. The name of the B.C.I.T. student newspaper shall be **THE LINK**. This name will reflect the fact that we are a vital and important method of communication at B.C.I.T..

2. The object of **THE LINK** shall be to provide the students of B.C.I.T. with factual reportings of the issue on and affecting campus.

3. The operations of **THE LINK** are to be carried on at B.C.I.T. in the Student Publications Office in the Student Association Centre.

4. **THE LINK** is a medium for communication between the B.C.I.T. Governing Bodies and the students of the British Columbia Institute of Technology. Because **THE LINK** is the students only thorough communications method, **THE LINK** is responsible to the students of B.C.I.T..

#### POLICIES

1. The student newspaper is responsible to present and future student bodies at the

British Columbia Institute of Technology. The editorial staff is duty bound by the nature of their job to present all facts in a fair and unbiased manner.

In doing so, they and only they must be prepared to decide whether or not to report or delete stories in the best interests of the students at B.C.I.T..

2. All opinions on any subject matter reported in **THE LINK** shall be written in editorials, open letters, or letters to the editors.

3. No libelous material shall be printed and the editorial staff shall be free to consult a lawyer if they are uncertain as to possible liability of the material submitted.

4. **THE LINK DOES NOT** necessarily represent the views or opinions of the B.C.I.T. Board of Governors, the B.C.I.T. Administration or the B.C.I.T. Student Association Executive.

5. All censoring is to be done only by the Editorial Staff of **THE LINK**, keeping in mind that **THE LINK** and they themselves are responsible totally to the student population at B.C.I.T..

6. Any censoring that is done will be done at the discretion of the Editorial Staff if they feel that the article will be damaging to the STUDENTS of B.C.I.T..

The Shinerama, held this past week, was promoted as an embodiment of school spirit, channeled into a good cause.

Last Friday, classes were cancelled so that the energies needed to make it a success, could be properly put to use. Over five hundred people signed up to be shoe shiners out of a school population of three thousand. Such a pitiful percentage would be bad enough, if it weren't for the fact that only 350 people actually showed up to help. Perhaps everybody was gearing up for the drinkathon that night, where 1200 made their appearance.

But before the student body is held up as the main culprit, it should be pointed out that a large majority of the faculty were nowhere to be seen, and probably wouldn't have turned up unless they were forced to, or it was pay day.

Such a performance, by both groups, cannot and should not be tolerated. It is obvious to even the most detached observer, that B.C.I.T. cannot function as a community, unless the community spirit is there. Last Friday it was not.

People with cystic fibrosis are fighting a serious and often fatal disease. They need help immediately. Judging by Shinerama Day at B.C.I.T., it will be a long time before that aid is forthcoming.

The Editors

THE LINK IS PUBLISHED BY AND FOR THE STUDENTS OF B.C.I.T., 3700 WILLINGDON AVENUE, BURNABY. NEITHER THE ADMINISTRATION NOR INSTRUCTIONAL STAFF EDITS OR CENSORS MATERIAL WITHIN. OPINIONS EXPRESSED ARE NOT NECESSARILY THOSE OF THE STUDENT ASSOCIATION.

## ENGINEERING NEWS

### —TO THE EDITOR

I have a question.

How can some members of staff and administration be so dispassionate of students' sociological needs as to negate themselves of the responsibility to get involved?

BCIT is the only institution of its kind that has to rely on the Student Association for school spirit, campus life, and social activities. Did you realize that some staff members won't get involved in sports teams because the honorarium isn't big enough, that the students in a class have to beg a teacher to come to a social function, so they might get to know each other, that staff members hide in their classy staff lounge for lunch for fear of having to talk to a student?

How hollow can they be? Why won't our god-like instructors leave the mountain and be with us. BCIT is a community, it is life for us, and it should be life for them. Being a teacher is more than a job. It should be fun. If it isn't, they are in the wrong job.

Some instructors are really good, they like students, they want to help. These are the people who command the greatest respect in the classroom. If someone doesn't want to socialize with me, it is obvious that I am socially unacceptable. If staff members don't think students are adequate they are turkeys.

Tell me Ed, is it my deodorant?

Normand Braithwaite

The oil companies couldn't get away with it, nor could the unions, but B.C.I.T. can raise tuition fees by 100% and not a squawk is heard. I haven't yet completed a comparative cafeteria price study between this year and last, but I know that the smorgasbord which costs \$3.00 this year, cost only \$.75 in 1971, an increase of 400% over 4 years.

Perhaps B.C.I.T. is trying to tea h us something. When we leave this institution and enter the labour market, should we conclude that a realistic wage increase is in the neighbourhood of 100% per year? Or should we be more realistic and condemn the cost increases foisted upon us in this time of 2 figure inflation and 2 figure unemployment?

Where does the teaching staff stand on this matter? By how much have their salaries increased? I urge that both students and staff unite in condemning the exorbitant costs increases of attending this school, and with one voice demand a tuition fee roll back with refunds of at least \$75.00 per student.

P.W. Pratchett

There's a rumour going around that enrollment at BCIT this year is very much lower than anticipated. I for one am not surprised.

When I decided that I would like to return to school to enable me to find more satisfying work

with a better education behind me I made appointments with counsellors at BCIT, Langara and UBC

My first interview was at BCIT and I left that interview feeling very discouraged.

I had been working for a number of years and surely I had quite a bit of money saved and waiting. In this day and age??

I kept my interview with UBC's counsellor more out of curiosity than anything else and was very pleasantly rewarded. The counsellor was warm and friendly and very encouraging. She not only went over courses available to me at UBC but also discussed possibilities at BCIT and also discussed the student loan plan.

I was given extensive tests to ensure that my choice of courses would be suitable to my likes and dislikes but when I thought about it I came to the conclusion that I couldn't afford 4-5 years at UBC and could get exactly what I wanted in two years at B.C.I.T.

The counsellor at UBC gave me full support and told me she felt I had made a wise choice and then wished me well.

Possibly the counsellor here at BCIT was having a bad day, but if other potential students got the response I did no wonder enrollment was not as high as expected.

Sara Eldridge

Mr. R. Wilkinson, C.E.T.\* 1,600 to Prince Edward Island with 50 members. Many of the associations are, therefore, experiencing growing pains that other provincial associations went through several years back. It was resolved then, that a concerted effort would be made to assist developing associations with their problems.

The Presidents of all ten provincial societies/associations/corporation met in Toronto on May 28 and 29 to review the role of the engineering technician and technologists, of the provincial associations in industry, and in this regard, to consider avenues by which appropriate recognition can be achieved. The most significant recommendation of the delegates was that **RECOGNITION IN LAW MUST BE SOUGHT FOR OUR MEMBERS.**

In opening the two-day discussions, the chairman, Mr. R. Wilkinson, C.E.T. President, S.E.T.B.C. called on each delegate to review the developments of each association. It was very evident that the associations are operating at various stages of general development which can be appreciated when one reviews the membership statistics - Ontario:8,000, Quebec:5,000, Alberta:2,000, British Columbia:

A second recommendation emanating from the meeting was that all associations should undertake to implement the standard of training inherent in the C.C.E.T.T. Profile and Syllabi. British Columbia, Alberta, Ontario, Quebec and Newfoundland have already adopted the C.C.E.T.T. Profile and the others are very much in agreement with the publication and expect to adopt it shortly. In addition, most of the provinces are utilizing the C.C.E.T.T. Syllabi in the accreditation of provincial institutes of learning.

In these and the many other items discussed, the delegates found much 'food for thought'. With **THE DELEGATES RECOMMENDATION TO SEEK RECOGNITION IN LAW AS PRIORITY NUMBER ONE\* WE CAN EXPECT INCREASED AWARENESS OF THE ROLE OF THE ENGINEERING TECHNICIAN AND TECHNOLOGIST IN INDUSTRY.**

The LINK is pleased to accept onym or pen name may be used letters to the Editor but reserves for publication but the original the right to edit all letters for libel letter must be signed by the clarity, taste and brevity. A pseud writer and bear his or her address

# WHAT'S HAPPENING?

Only two weeks of school and already you can count to three. Don't worry about it, things will pick up. In the first few weeks, B.C.I.T. has to find out what you can do, what you want to do, and if you exist. After all the formalities are over with, you'll settle into the existing Learning you've heard so much about. I'm sure you'll feel better about school as soon as we all get rolling.

Many questions have been asked of me in these first few weeks, some of which are presented for your information.

**Is there any paid parking?**  
All student parking is on a first come first serve basis. Those that come late enjoy a refreshing stroll from the testing station.

**What happens if my car is towed away?**  
The Traffic Offices, the small silver Building behind the Cafeteria, can tell you where it is.

**Can I buy used books?**  
The student union operates a used Book Store in the SAC Building every noon hour.

**Where do I get my Students Card?**  
Your instructors will be handing them out in class. You need them for access to the Library and Student Social functions.

**Who is my Student President?**  
Steve Brown, 2nd year Finance. His office is in the SAC Building. He is your representative. See him if you have a problem.

**Who are You?**  
I am Graham Fane, I am your student liaison officer. My job is to help make life easier for you this year. I work for B.C.I.T. I am here to answer your questions and to help you. I am located in the SAC Building.

**Come and see me with ANY problem you may have, at any time.**

## GET INVOLVED

Graham Fane  
Student Services

## RIVERVIEW RESIDENCE

### RIVERVIEW RESIDENCE

BCIT has been allocated space for 92 students at the Riverview residence in Port Moody. As there have only been a few applicants we are likely to lose use of the residence.

**COST:** Rent \$50.00 per month  
Meals \$75.00 per month [3 meals a day]  
\$40.00 per month [breakfast & sandwiches]

There are also kitchenettes with cooking facilities available for student use.

Applications can be obtained through Mrs. Y. Kirk, counselling offices, Room 207A.

Own transportation is a must but car pools would be better.

## EQUALITY OF SEXES IN CREDIT

More than 4,000 credit-granting agencies in British Columbia are being told that a woman's access to credit should be as good as a man's.

This is part of the message in new guidelines for the agencies announced recently by Consumer Services Minister Phyllis Young.

They have been prepared by the Credit Grantors Association of Vancouver and although they are not binding, Ms. Young says she hopes they will be widely followed.

Her announcement came at a speech given at the B.C. Institute of Technology.

The highlights are:

- No married woman should be denied credit in her own name if her earnings and property are such that a man possessing the same name would get credit.

- Similar standards should apply to an unmarried woman.

- Credit reporting agencies should provide a credit history of each spouse and the joint accounts if this information is on file when requested.

Credit grantors also are being asked to refrain from refusing credit to women in their own names, refusing to consider a wife's income when a couple applies for credit, refusing credit

to newly divorced women and holding men and women to different standards for credit.

Also, credit should not be refused to a recently separated or widowed woman solely because of a change in her marital status.

### VALID SOURCE

Alimony and child support should be considered valid sources of income according to the merits of individual applications for credit, and stricter standards for credit should not be used when the wife is the principal supporter of the family.

Credit grantors also are being asked not to request information about birth control practices and parental plans, in evaluating credit applications; not to alter an individual's credit rating solely on the basis of the credit rating of the spouse; not to refuse to negotiate credit with a wife and insisting instead to negotiate only with the husband.

Other practices now being actively discouraged include requiring a woman, when she marries, to return her credit cards, and reapply in her husband's name and refusing to consider a woman's past credit history even if her record has been excellent.

The guidelines are being mailed to 2,000 non-association members and to about 2,000 non-association credit grantors in the rest of the Province.

## WHAT WOULD YOU LIKE TO EAT?

A new food outlet has been installed in the cafeteria of the SAC serving a hot entree and a sandwich bar. Sandwiches will be made to your specifications and idiosyncrasies.

Food will be prepared by the campus Food Training Services in the Willingdon kitchen and brought over to SAC so it is piping hot and certainly freshly made. It is an economical and nutritious way to feel full at lunch-time. Hours of service; 10:30 A.M. - 2:00 P.M.

Some prices for your perusal:  
Wrapped sandwiches 65-75 cents  
Hot entrees 85 cents - \$1.50  
Soup 30 cents

Also planned for the future is the sale of freshly baked goods [you have to come in around noon; they sell like hot cakes].

In the past, there has been little in the way of alternative from the pace machines and hamburger alla-sawdust. The Student Association felt that this was not an adequate way of providing our students with good food and negotiated to have the cafeteria expanded and the new facilities installed.

If you have any preferences or hot meals that you would like to see served, please let us know and we will pass them along to the Food Services people who will be happy to oblige.

There are forms lying around the cafeteria that you can fill in and hand in to Beverley, the Student Association secretary. We'd like some feedback!

## DIABETIC BIKE-A-THON

The first of what is hoped will become an annual event, the Canadian Diabetic Association Bike-a-thon will be held simultaneously in Vancouver and Victoria on Sunday, October 5th.

Seven routes have been set up to make it more convenient for cyclists to participate close to their own neighbourhood. Routes are located in Victoria, Vancouver City, North Shore, Burnaby/New Westminster, Richmond, Delta/Surrey and Coquitlam. Any and everybody who is interested in helping raise money for the Canadian Diabetic Association can start riding anytime between 9 in the morning and 2:00 p.m. Cyclists are being asked to get themselves sponsored at anywhere from 5 cents a mile up, by friends, relatives and associates and then to ride as far as they can around their course of their choice. Keeping record of their progress will be volunteer helpers from the Canadian Diabetic Association, the Pacific Region - Jaycees, members of the Kingmen Club in Coquitlam and many, many other volunteers. Communications for the event are being provided by Amateur Radio and Citizens Band organizations as well as Taxi companies and a trucking concern. The St. John's Ambulance is providing a first-aid coverage, if they are needed and in Victoria the University sports club is helping to man the route.

The Bike-a-thon is being held in order to raise funds for much needed research into the cause and control of diabetes, a disease of serious consequences.

Diabetes is the leading cause of new blindness and is a major factor in stroke, heart attack, kidney failure and amputations caused by gangrene. It strikes more school-age children than any other major disease. The complications of uncontrolled diabetes can significantly reduce the average life expectancy of diabetics.

In Vancouver, promising research is being carried out by Dr. Tze of the Children's Hospital who has had some success in the transplanting of insulin production Beta Cells. In Victoria Dr. Walker of the U-Vic has had good results in experiments in the voluntary control of the circulatory system in diabetics through Bio-Feedback.

These men, and many others are working hard to find the cause, control and possible cure for diabetes.

The Canadian Diabetic Association branches are asking people to ride in the Bike-a-thon, October 5th in Vancouver and Victoria, so that this vital research may be carried out.

Thank you

## WHAT IS A BIKE-A-THON?

It's NOT a race. In fact there is no timing involved at all. It is a means of raising money, when volunteer bike riders have people sponsor them over a number of miles.

ANYONE CAN ENTER - All you need is a bike, sponsors and determination.

### HERE'S WHAT YOU DO:

First obtain an entry form from any participating McDonald's Hamburger outlet. Go to family, friends and neighbours, in fact anyone you know. Ask them to sponsor you for so much a mile for as many miles as you can ride - minimum 5 cents a mile, maximum - you name it!

When you have at least five sponsors you are eligible to enter! Go to a MacDonald's or any other designated starting point (you'll find them listed on your entry form) any time between 9 AM and 2 PM on the day of the Bike-a-thon. You'll be given a route map, a list of instructions and the location of check points along the way. Remember, each course is between 20 and 25 miles

long. Then - off you go!!! As you call at each checkpoint your route sheet will be stamped to verify the mileage you have already covered. Carry on to as many check points as you can - every mile you cover means more money you have raised.

If you cover two thirds of the course, MacDonald's will have a FREE food and soft drink voucher for you. You can cover the course as many times as you like, each time around means another MacDonald's voucher for you.

Take your route sheet to your sponsors to verify the miles you've ridden and collect the money they have pledged. Then send a cheque or money order to the Canadian Diabetic Association. You will become eligible to win one of the grand PRIZES.

### PRIZES WILL BE AWARDED FOR:

- Participant covering the most miles
- Participant collecting the most money
- Participant having the most sponsors

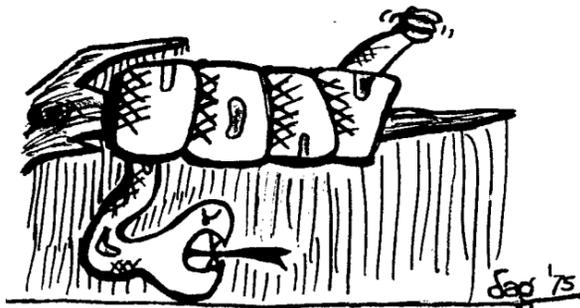

## COUNCIL MEETING TUESDAY

SEPTEMBER 23RD AT 7:00 P.M.

## Snakebite

Two weeks. Two weeks and one. Far from the madding crowd you've probably thought of a thousand different alternatives for spending 350 bucks. Like 350 bucks buys about 438 BIG MACS. With a lot of grocers on strike...food for thought.

Or how about 175 \$2.00 parking tickets, 35 Olympic lottery tickets or at 29 cents a roll, a lot of water closet newspaper.

Last year...oh, last year (nostalgia and all that stuff)...cheap tuition, 50 cents a beer, 10 girls at every pub and beer bottle tile on the gym floor. How sweet. The only thing you had to worry about was getting your hair wet between the parking lot and the SAC.

Oh well, so much for the good ol' days, and tube streaks (Canadian for hot-dog) - time for a change

\*\*\*\*\*

**How's this!** The world's newest country is Elton John. Something about a GNP that turns eyeballs into dollar signs and Music lovers into raving lunatics. Gotta be some king of a record when tickets go on sale at 9:00am and by noon, fans are tearing down the doors just to see the boxes that the tickets came in - Guinness, where are you? Back to Elton .... he could shoot bullets through a piano inside a wind tunnel and still sell a million - I'm sure Bernie Taupin could come up with some nice version for that

Shortage. There's talk of shortage. Shortage of housing, beer, money and paper. Paper - the same stuff you write on, blow your nose with or wrap the garbage in. I can see it now...a foggy moonlit night...suddenly, suddenly, several darkly clad figures dot the scene. The camera zooms in and we recognize - Taylos, Wasserman, Fotheringham et al - members of Midnight Paper Supply out on another run.

Yes, they're out trying to hustle an extra 1-1/2 ton roll of newsprint from a Mac. and Bloe warehouse. After all, if 'peanuts' get's axed from 6 columns to 4, what's a journalist going to do when there's nothing to write on. This could be why pay toilets will be illegal by September 22nd.

\*\*\*\*\*

From the pit...hold onto your shorts - and your temper. Word has it that if you get outta shape at a school pub, it's the rocket...out on your face or whatever comes first. No more nice guy...unofficial word - enrollment up slightly this year... and beer at noon?! Afternoon classes will never be the same.

PHOTOS

THE CANDID STUDIOS OF WEST BROADWAY, VANCOUVER, HAVE AGAIN BEEN CHOSEN TO BE THE OFFICIAL GRADUATION PORTRAIT PHOTOGRAPHERS FOR THIS YEAR'S NUCLEUS YEARBOOK. UNFORTUNATELY WE ARE HAVING TO PASS ON TO THE STUDENTS, THE \$2.00 SITTING FEE THEY ARE CHARGING THIS YEAR. THE \$2.00 COVERS THE COST OF THE SITTING PLUS A CHOICE OF AT LEAST FIVE PROOFS FOR ADDITIONAL PORTRAITS AS WELL AS A YEARBOOK PHOTOGRAPH. [PROOFS ARE THE PROPERTY OF THE STUDIO AND MAY BE PURCHASED]. ADDITIONAL PORTRAITS FOR YOUR FRIENDS AND RELATIVES MAY BE ORDERED, PRICES START AT \$4.95 AND PACKAGE DEALS WITH AS MUCH AS 27% DISCOUNTS ARE ALSO AVAILABLE. A COMPLETE PRICE LIST IS SENT YOU WITH YOUR PROOFS.

TO MAKE IT EASIER FOR YOU, AND THE PHOTOGRAPHER, THIS YEAR, WE WILL BE MAKING APPOINTMENTS FOR YOU TO COME FOR YOUR SITTING. THIS WILL BE SOMETIME DURING THE FIRST AND SECOND WEEKS OF THE THIRD TERM IN JANUARY 1976. THEY WILL BE TAKEN IN THE BOARD ROOM OF THE SAC BUILDING AND YOU WILL BE NOTIFIED THROUGH THE MAIL WHEN YOU SHOULD ATTEND FOR YOUR SITTING. ALL SITTINGS WILL HOPEFULLY BE SCHEDULED WHEN EACH CLASS IS FREE.

FOR THOSE WHO DID NOT SIGN UP AND PAY THEIR \$2.00 ON REGISTRATION DAY - ONLY SECOND YEAR STUDENTS ARE ELIGIBLE - COME TO THE PUBLICATIONS DEPARTMENT IN THE SAC BUILDING SOMETIME DURING SEPTEMBER AND WE WILL GIVE YOU A RECEIPT FOR YOUR \$2.00. BY SIGNING UP BEFOREHAND YOU WILL BE ASSURED OF AN APPOINTMENT. IF YOU DO NOT YOU WILL HAVE TO TAKE A CHANCE THAT WHEN YOU COME FOR A SITTING THE PHOTOGRAPHER WILL BE FREE.

IF YOU HAVE ANY QUESTIONS CALL VERONICA AT 437-1333.

IF YOU WISH TO HAVE YOUR PORTRAIT TAKEN FOR A CHRISTMAS GIFT, PHONE CANDID STUDIOS AT 732-7446 UNTIL THE END OF OCTOBER.

## DYSENTRYATTA

Go placidly amid the noise and haste of school,  
and remember what piece there may be at home  
As far as possible, without being caught, copy your neighbour.  
Speak your truth quietly and clearly, and turn off all others, especially the dull and ignorant, they constitute the rest of your class.  
Avoid parking in fire lanes, commissionaires are on commission.  
Compare your notes with others, you were asleep in class anyway  
Keep interested in cops and teachers.  
They hold the key to your success  
Stay out of Trees.  
When you face the aridity and disenchantment of homework, remember, many successful people never finished grade eight.  
A SACpub is not a place to get sac'd necessarily..  
Our coffee is made with real water, trust me.  
No feeding birds on balconies  
No hot plates  
No dying in Brentwood  
No furniture in the Student lounge  
You are a product of the Institute  
a lot less than the trees and dogshit, you have no rights while you're here and whether or not, it is clear to you  
no doubt your student fees are being spent wisely.  
taken kindly the counsel of mother.  
She's the only one who wants you here.  
What else can she tell the bridge club.  
Keep the faith that BCIT is good for you especially at exam time.  
do your homework  
do your exams  
do your studying  
do yourself in.

# YOUR STUDENT COUNCIL

STEVE BROWN

## PRESIDENT STUDENT ASSOCIATION

According to the Constitution of the following duties:

- 1 to preside over meetings of the executive and council.
- 2 act as an ex-officio member of all committees.
- 3 ensure that minutes are kept of all meetings.
- 4 as a supervisor of all Association employees.
- 5 read the annual report at the annual general meeting.

These duties while being necessary, do not touch on the most important aspect of my office. The one thing it does not mention is my responsibility to you, the students of BCIT.

My real duties cannot be defined as individual duties because outside influences dictate my job. I must act and react to a situation as it arises, and provide the best leadership I am capable of to obtain the best I can for you. If you think I'm not doing my job, come and talk to me about it. If you have any suggestions or problems, let me know. I was elected to represent you. I can promise that I am trying my best to do that. My local at BCIT is 603. Let's hear what you have to say. My office is in the SAC building. Walk in, I want to meet you.

VERONICA TIMMONS  
PUBLICATIONS  
CHAIRPERSON

As Publications Chairperson I am directly responsible to you, the students, to publish LINK, your newspaper, plus the students directory which will be published in October and, at the end of the school year you will

GEORGE SCOTT

## OFFICE OF VICE-PRESIDENT INTERNAL

By the constitution the V.P.I. is constitution for all Parliamentary procedure at all meetings. That's the easy part. In the absence of the President he has to fill in and if the president is removed from office, the V.P.I. assumes the Office of President. He is responsible for all minutes and agendas at all meetings, which means if any student wants to make presentation to the Student Council he/she sees the V.P.I. as to meeting times and places and the necessary arrangements will be made.

The V.P.I. is completely concerned with whatever is happening within B.C.I.T. At any time you feel you have complaint or a problem tell me. If I can't solve it or help you I will find someone who will. Any student who at any time is in doubt about something come and talk to me or leave a message so I can meet with you.

I hope to be able to be of service to all students, and I am not worried about who I have to negotiate with to get what is fair for the Students of B.C.I.T.

For those who don't know it there is no such thing as apathy at B.C.I.T., the only problem is everyone is initially afraid to talk to the next person. This Council can only do its job if the students tell us what they want, so, whatever you want, tell us and we will try our damndest to help you get it.

V. George Scott  
Vice-President Internal

be able to get your Nucleus Year book. I don't do this all by myself, this year I think we have an excellent team of students who are prepared to put time and effort into helping me put out these publications.

If you would like to write for the LINK, or would just like to see our operation, come down to the SAC Building one day and seek us out, we're the ones who walk around with scissors and paste in our hands!

Try to support your Student Council this year, it makes it a lot easier on all of us if you do.

DEANNA GEISHEIMER

## VICE-PRESIDENT EXTERNAL

If you do not already know me your name is Deanna Geisheimer and I am your Vice-President External for the 1975/76 calendar year.

First of all I would like to welcome all students to B.C.I.T. whether it be your first year or next year here at the Institute. Next I would like to give my repeated thanks to all the students who have contributed their time and efforts to the success of the recent Shinerama.

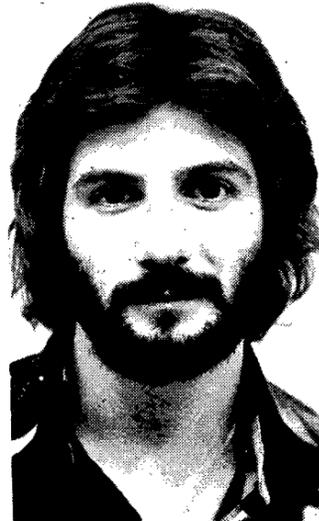

Probably many of you are wondering what my duties as V.P. External include other than sitting in a little room down a long corridor hidden amidst the other Student Executive offices. To justify why I even have an office is so that I may be easily located. As well as being a spot for people to find me in I also do some work in there. The work consists of answering requests from people and other Institutes regarding information on the Student Association, the Institute, Charities, I must contact by either mail or phone. I am involved with any and all Charity Drives we sponsor, such as the recent Shinerama, and Telethon which you will be late on informed of. These are organized by our Charities Co-ordinator Shirley Enns with whom I work closely.

There are many duties and events which I will be taking part in but in short I am mainly the student associations public relations person.

I would also like to remind students that the student associations is working on behalf of you the students. Therefore, we appreciate any and all constructive criticism or assistance that you may have to offer.

SHIRLEY ENNS

RANDY THOMSON

## TREASURER

While some of the other people on council get to be the 'bad guys' with the B.C.I.T. Administration, I get to be the 'bad guy' to the other council members and their respective cost centres. My job is to keep an eye on your student activity fees and the S.A. Income, (such as that generated by our T.N.T. Campus Stores) and see that this money is spent on the areas that were budgeted for.

Last year's 1974-75 student budget fell short of its projected income by \$12,300 and over expenditures were about \$15,000. Deducting a planned budget surplus from these figures gives us a probable deficit for 1974-75 of roughly \$15,000. There were a lot of factors that contributed to that deficit situation, such as spiralling costs, and these are the factors that I must be aware of, and watch.

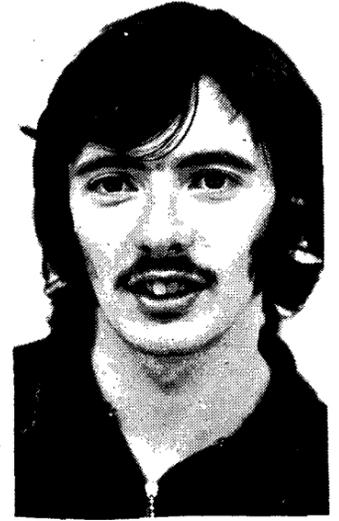

Another area of my job is student complaints concerning the T.N.T. stores. If you can't work things out with Gail, the store's manageress, come and talk to me. But be reasonable. We run the stores for your convenience. Any profits go back into your pockets - indirectly. So try and treat it as you for you. Look around. There are pubs, sports, clubs and so on. Don't study yourself to death out here. So get involved.

Finally, all the money I have been talking about isn't just floating around in somebody else's pocket. It's being spent on you for you. Look around. There are pubs, sports, clubs and so on. Don't study yourself to death out here. So get involved.

Randy Thomson  
Treasurer

participation from the students ensures a great time will be had by all. There is as much in sports for the girls as there is for the guys. Don't be afraid to do something just because you think you are not good enough. Nobody is good enough. It's just a good time.

By the way, if anyone is interested, I am in need of a secretary to do a couple of hours work a week. The work involves writing up league standings for LINK newspaper and some typing. Please leave name with the S.A. Secretary or myself at the SAC Building.

ALAN CONWAY  
INTRAMURAL SPORTS  
CHAIRMAN

The B.C.I.T. Intramural Sports program is about to kick off with Flag-Football. If your tech. does not have a team list in, get it in immediately.

By now all technologies should have elected their sports representative. It has not been possible to talk to all tech. in person as I would have liked, so this is why each tech. must have someone to communicate the dates of games and get team lists, etc. If your technology has not elected someone, get in touch with me at S.A.C.

Immediate items of concern are: the flag football, ice hockey and tennis.

Today, Wednesday 17th, is the deadline for flag football.

End of September is the deadline for ice hockey.

Tennis is being organized right now. Interested parties should give their names in at the Athletic Department.

The Flag football league will start Wednesday, September 25 during the three hour break. It is a fun game and is of course co-ed. Games will be played behind the SAC and across the road at Willingdon Residence field. Referees are urgently required for this and other sports. It is a paid job, so come out and do your bit.

Ice hockey will start October 20, at Columbia 4 Rinks. Games will be played Wednesday noons and some Saturday nights. Due to the very high cost of ice rental there can be NO defaults in ice hockey. Any teams that can't make a game should tell me as soon as possible and I'll change it. Team lists must be in by the end of September.

Badminton will start in October when there will be a mixed doubles, knockout competition. More about that later.

In general the sports program is there for all to enjoy. First year students may feel swamped by heavy workloads and especially fear of the unknown. But there is time to enjoy oneself, and the sports program offers an ideal escape from studies which does not take up too much time. Good  
please see column left

**JANE TIMMIS**  
BUSINESS SOCIETY  
PRESIDENT

**SCOTT TAYLOR**  
ENGINEERING SOCIETY  
PRESIDENT

**GORDON MOWAT**  
HEALTH SOCIETY  
PRESIDENT

**OPERATIONS MANAGER**

**NANCY ROGERS**

If you are interested in drinking, dancing, entertaining or entertainment - contact me in the SAC Student Association Offices. As Operations Manager for the Student Association, I am responsible for ensuring that you all have enough to drink-even during the beer shortage (and beer IS HARD to get at this time), hiring all entertainment (although we often do not have much money to deal with, and striving to improve the operation of pubs and cabarets.

If your technology would like to sponsor a pub this year - come and talk to me as soon as possible! Over all remember to ENJOY YOURSELF IN THE SAC

This year an effort is being made to improve our student council system, with the main idea being to make it easier for each individual student of this school to make themselves heard and to find out what is going on around them. Please don't think that the school will run just beautifully without your participation. Certainly it will run, but you personally can contribute to making it a lot better. For instance, instead of complaining about the parking problem, come to a council meeting and suggest a way to improve it. Don't be afraid to get involved - believe me, it's worthwhile. Council meetings are held the second Wednesday of every month at 7:00 p.m. in the Committee Room in the SAC building. All students are welcome - so come and find out what's going on in your school!

Business Division council meetings will also be held once a month. The date, time, and agenda for these meetings will be posted on the notice board outside the Societies Offices. The Societies Offices are also located in the SAC building just around the corner from the pinball machines. If you are a Business division student, you are automatically a member of the Business society, so this concerns you! Representatives, both first and second year, from each Business technology will be at these meetings so get to know your representative and make sure that he or she is reporting to you!

I'd like to hear your ideas for entertainment and other extra curricular activities that the Business Division could host. I particularly want to hear from first year students, [don't be shy!]. Remember, you've got two years in this place so you might as well make them good! Just come in and see me - my office is the one in the back [secluded] corner of the Societies office. If I'm not there, leave a note or phone me later at 434-5722, local 639. I'll be seeing you!

Jane Timmis

Well, it's time to write another blurb for the Link. The last couple of weeks, things have been very hectic, but believe it or not, I am starting to get organized.

I have been (or soon will be) around to all the engineering technologies to collect the names of the tech. reps. From these 24 people, we will be choosing 5 voting members to sit on the student council. At this point, I think it's worth noting that any B.C.I.T. student may attend these meetings. The Engineering Society represents about one-half the student population, so we are a powerful voice on council.

This year promises to be interesting and full of challenges.

I hope that everyone is as concerned with having a good time as they are with having good marks.

Stay Happy!

Scott Taylor  
Engineering Society President

All students registered in Health Technologies are members of the BCIT Health Society. This society operates to protect your interests and to further the idea of Health as being a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity. Via your technology reps, who sit on a Health Council, the Society is your voice and vote on the Student Council. Beyond the political half of the Society is an active Health Promotion and Education program. This program will introduce selected speakers (on topics of interest to all), show informative and entertaining films, and promote various aspects of health to the entire student body.

If this program sounds interesting to you, or if you have any ideas about what you would like to see YOUR Society become involved in please contact your class or tech rep, or come and see me in the Societies Office in the SAC.

Gordon Mowat

**WAYNE SEAMAN**  
EXTRAMURAL SPORTS  
CHAIRMAN  
  
SEE PAGE 13

**BUSINESS MANAGER**

**PHIL HENDERSON**

As Business Manager of the BCIT Student Association, I am responsible for the orderly conduct of the office and business operations of the society. At BCIT we run an extensive program which involves the handling of a considerable cash turnover each year. Some of our programs are:

- (1) operating two campus stores
- (2) leasing barber shop and beauty salon
- (3) used book store
- (4) pubs and cabarets
- (5) student ID pictures
- (6) pinball machines, etc.
- (7) usual social functions of the SOCIETY

My office is located in the SAC building, and I welcome the opportunity to talk with anyone about the Association and its functions.

**SUPPORT YOUR STUDENT  
ASSOCIATION THIS YEAR**

**THE STUDENT ASSOCIATION - WHAT'S IT ALL ABOUT**

To many of you, the phrase Student Association sounds great but you probably do not know what it does or the ideas behind it.

Student unions have become an integral part of the university and college life. Many campuses have student union buildings, in certain instances financed by the students themselves. The student unions operate through fees paid by all students and by income generated through their own activities (small businesses).

As the "living room" of the college, the union provides the services, conveniences, and amenities the members of the college family need in their daily life on campus and for getting to know and understand one another through informal association outside the classroom. Through its various boards, committees, and staff, it provides a cultural, social and recreational program, aiming to make free time activity a co-operative factor with study in education. Its goal is the development of persons as well as intellects.

At BCIT THE Student Association has its offices in the Student Activity Centre. OUR full time staff includes:

- Beverley Statham - Secretary
- Nancy Rogers - Operations Manager
- Phil Henderson - Business Manager
- Gail Trethaway - Manager, TNT Store

As well as being responsible for the functional operation of the Student Activity Centre, the BCIT Student Association owns and operates the "This 'N' That" Campus Store; Barber Shop and Hairdressing Salon; Used Book Store and Identification pictures.

The doors of the Student Association are open from 8.00 AM-5.00PM

**ROBERT SAWKA**

**BOARD OF GOVERNORS REP.**

As the Student Representative on the Board, I have to work closely with the Student Association to get a good input into the Board.

The Board of Governors is a group of fifteen representatives of interest groups at BCIT. Through the enactment of the BCIT Act they assumed autonomous control of BCIT on July 15th 1974. The BCIT Act empowered the Board to act as advisors to the operation of the institute subject to restraints defined and becoming of a Crown corporation. The Board assumed the responsibility previously held by the Department of Education.

The principal advantage of this structure is that the governing body is in close association with the institute.

Our meetings are divided into two sections. Open sessions where anyone is allowed to attend. At these sessions presentations are made from the students and the staff. The other part is in-committee sessions which are closed to the public.

At our last meeting Steve Brown made six presentations to the Board. The staff had one one. This is a good indication of the amount of work the Student Association is doing. Steve, along with the rest of Council, is doing an excellent job keeping administration on the ball.

**ADMITTANCE TO B.C.I.T.  
PUBS AND DANCES**

For all Pubs and Dances B.C.I.T. Students may be accompanied by one guest only.

DO NOT buy Dance tickets for more than one guest - they will be turned away!

Would be famous and world renowned

## WELDART COMPETITION

How many of our students or teachers arrive at school in the morning in a Cadillac? Not too many...

Here is a rare opportunity for a talented student or staff member to be the proud owner of a three-quarter scale replica of a 1902 Cadillac Runabout. This is the prize being offered by Canadian Oxygen Limited, a major Canadian supplier of welding equipment and industrial and medical gases, to the winner of 'WELDART'. 'WELDART' is a national welded metal sculpture contest for amateur artists resident in Canada.

Metal sculpture, as you are probably aware, is one of the fastest growing art forms in North America today and this contest provides an opportunity for our students and staff members to express themselves in this form, and hopefully bring recognition to themselves and their school.

Interested students or staff members should contact the nearest Canox branch office for entry forms, or write direct to 'WELDART', Canadian Oxygen Limited, 355 Horner Avenue, Toronto, Ontario M8W 1Z7.

**Do you have  
Medical Coverage?  
See next LINK  
for information:...**

## UC.P.A. DESIGN COMPETITION

The U.C.P.A. is providing an opportunity for one of our students to win \$100.00 by designing a U.C.P.A. Membership Scroll.

The competition is to design a membership scroll for the University and College Placement Association.

Open to all students registered at a Canadian College or University belonging to the U.C.P.A.

The competition will be judged by: Ron Sclater - Public Relations Director.

Award for winning design - \$100.00

Closing date for submission - October 28, 1975.

### COMPETITION RULES

All submissions must be 11" x 14".

All submissions must incorporate the U.C.P.A. logo and the following copy:

'Bill Rutledge, University of Canada, is a member of the University and College Placement Association and conforms with the Principles and Practices of Recruiting at Post-Secondary Educational Institutions.'

If colour is used, contestants are restricted to using the yellow and blue of the U.C.P.A. logo or gold.

Contestants are free to be creative in the background design of the scroll but logo and copy must be clearly visible.

The winning submissions will be attractive, sophisticated and reflect the aims and objectives of U.C.P.A.

Entries should be submitted to Mr. W.H. Rutledge  
U.C.P.A. Design Competition  
P.O. Box 356, Markham, Ontario  
L3P 3J8

No LATER than October 28, 1975. All entries MUST be postmarked no later than Oct. 31, 1975. Please be sure entries are properly packaged to prevent damage. We suggest first class postage.

Your entry must be identified on the REVERSE of the submission by your name, address, and school. All entries will be returned to the Placement Office if properly identified.

Submissions will be acknowledged by mail and the winning design announced by the U.C.P.A. Public Relations Committee no later than November 30, 1975. Decision of the judges is final.

To obtain information on the University and College Placement Association and a colour copy of the U.C.P.A. logo, see our campus Placement Officer in the Administration Wing.

## FINANCIAL AID B.C.I.T.

BY STU GIBBS

### B.C.I.T. EMERGENCY LOAN FUND

This limited fund is available to students with exceptional circumstances. The loans are interest free and repayable on a prescribed date. These loans are normally not available in 1st term. The amount of a loan usually ranges between \$50.00 and \$200.00.

### B.C.I.T. PRIZES AND MEDALS

Awards to graduating students in the form of prizes and medals are presented each year in conjunction with the Convocation Ceremonies in June. For more information regarding the nature of these awards please consult the appropriate section of the B.C.I.T. Calendar.

### STUDENT BUDGETING

The wise student plans his financial resources and expenses as far in advance of classes as is possible. Should he or she have any questions concerning student financial planning the Counselling Services would like to invite drop-ins at any time for free advice and discussion. (Room 207A).

### MISCELLANEOUS BURSARIES

There are a number of miscellaneous bursaries available to B.C.I.T. students which are not allocated through the auspices of the B.C.I.T. scholarship and Bursary Committee. A list of these bursaries may be found on page 64 of the B.C.I.T. Calendar.

In addition scholarships relating to Forest Products students are now available. For more information on these please contact the Forest Products Department, Local 279.

## NEW STUDENT AID PLAN

A new student assistance programme has been announced by Education Minister Eileen Dailly.

The programme expands benefits for students in need based on an existing departmental plan. Students requiring assistance will be eligible to receive up to \$3,300, up \$400.00 from 1974 and up \$1500.00 from two years ago. Eligible students will be able to receive up to \$1500.00 in an outright Provincial Grant and a Canada Student Loan of up to \$1800.00.

The aim of this revised programme is to give the most assistance to those with the greatest need, said Mrs. Dailly. In 1974, 14,600 grants were made compared with 8,600 in 1973. Spending on grants in 1974 reached \$10 million, up from \$2.3 million in 1973. The programme is available to full-time under-graduate students enrolled in post-secondary schools. A separate assistance plan is available for part-time students.

Every now and then a poor beleaguered student wanders into the Counselling Offices (after asking three students and two instructors where they are) and asks when the B.C.I.T. Scholarship applications are available. B.C.I.T. Scholarships do not require application and normally are not available to 1st year students. The point of this little anecdote is simply to illustrate the need for effective communication between the student and Student Services at B.C.I.T..

Financial Awards are described in some detail in the calendar but additional information is also outlined in the brochure entitled B.C.I.T. Financial Awards Guide which was included in the Student Registration Day package. Copies of this brochure are available at the Counselling Offices, Room 207A.

Effective September 8th, 1975 the Financial Awards Officer for B.C.I.T. will be Mrs. Jennifer Clemmons who comes to the Institute with an extensive background in Student Services at the University of British Columbia.

### B.C.I.T. FINANCIAL AWARDS GUIDE

#### INTRODUCTION

The purpose of this is to inform B.C.I.T. STUDENTS ABOUT AVAILABLE Financial Assistance. The various forms of assistance are defined below as presently structured. These programmes are subject to change.

Students wishing further information regarding Financial Assistance are invited to discuss their needs with the Counsellor-Financial Awards at the Counselling Counter. The phone number is 434-5722, Local 327.

The following kinds of assistance are available:

1. Loans
2. Scholarships
3. Bursaries
4. Prizes
5. B.C. Grants-In-Aid

#### LOANS

Loans are awarded on the basis of financial need. Loans may be either interest free or at a reduced rate of interest as prescribed by the lending agency. (See Canada Student Loans and B.C.I.T. Emergency Loan Fund.)

#### SCHOLARSHIPS

Scholarships are generally awarded on a basis of academic excellence. Certain individual scholarships involve additional criteria for selection. Please refer to the following descriptions for more specific explanation.

#### BURSARIES

Bursaries are mainly awarded on the basis of financial need and such additional factors as may be prescribed by the donor. Bursaries are non-repayable grants of money which generally range in value from \$50.00 to \$500.00.

#### PRIZES

Prizes are awards for academic excellence in one or more subject or in a programme of studies. Prizes may be awarded for academic excellence combined with qualities or capabilities as prescribed by the donor. The prizes awarded may be trophies, books, medals, or other suitable awards as prescribed by the donor.

#### B.C. GRANTS-IN-AID

B.C. Grants-In-Aid are a form of non-repayable bursary based strictly on need. See section on Canada Student Loan for further explanation.

#### CANADA STUDENT LOAN AND B.C. GOVERNMENT GRANT - IN-AID

The purpose of the Canada Student Loan Plan is to assist students whose resources are insufficient to provide for the cost of full-time studies at the Post-Secondary level of education. Assistance under the programme is, therefore, granted only where the financial resources available to students from parents, summer work or other sources are insufficient to meet their estimated educational costs. Canada Student Loans are made available to eligible students to a maximum amount of \$1800.00 in any one academic year.

In conjunction with the Canada Student Loan Plan, the Province of British Columbia will award supplementary grant to those students awarded a Canada Student Loan to a maximum of \$1500.00. The purpose of these grants is to reduce the student's indebtedness. Students who qualify for a loan will be eligible for a grant. The amount of the grant will depend upon financial need.

#### B.C.I.T. SCHOLARSHIPS AND BURSARIES

The British Columbia Institute of Technology Scholarship and Bursary Fund has been established through private means, whereby awards are made annually by the trustees of the Fund to deserving students of the Institute. Private contributions from Commerce and Industry and

other interested persons are being received and may or may not be designated for use in encouraging study in a particular course of study given by the Institute.

B.C.I.T. Scholarships are automatically given to top academic students based on 1st year average. The Award Ceremony takes place in the Fall. Students receiving course credit during the academic period concerned are not eligible for an award. No application is required.

B.C.I.T. Bursaries are awarded primarily on a basis of need and promise and are available only to 2nd year students. Students must apply through the Counselling Department.

# ON AND OFF

## BURNABY ART GALLERY

6344 GILPIN STREET 291-9441

### FALL CALENDAR OF SPECIAL EVENTS

### HEY-DIDDLE-DIDDLE A PAGENT OF PLAYTHINGS

The Christmas season begins with a festive array of Victorian and Contemporary children's games, toys and dolls. Sunday, November 16th.

## THEATRE CITY STAGE PRESENTS ROD LANGLEY'S BETHUNE

Norman Bethune: a humanitarian who deliberately trod a path away from affluence a talented surgeon and brilliant medical innovator, a non-conformist who supported radical causes, an adventurer and idealist who served with the Loyalists in the Spanish Civil War and Mao Tse Tung's revolutionary army in China and above all, a Canadian who is China's leading foreign hero.

In a recent new play B.C. playwright, Rod Langley, has created an unforgettable chronicle of this remarkable man, his vision and his epic journey to his final destination.

For its second production at the Cultural Centre, City Stage will present 'BETHUNE' from September 19th through October 4th.

Directed by Ray Michael, 'Bethune', is painted on a large and vivid canvas. Its three acts take place in Detroit, where he accidentally opened his practice in the city's red-light district; Montreal, during the depression, where he made sweeping changes in chest surgery and advocated

free health care; Spain, where he pioneered blood transfusion techniques at the front lines; and China on the Sino-Japanese front where he laid the groundwork for the existing system of peasant hospitals and where he died in 1939 of blood poisoning in the field in Yenan province. Long recognized as a folk hero by 800 million Chinese, Bethune has now captured the imagination of Canadians. Langley's BETHUNE commissioned and produced last season by Regina's Globe and Montreal's Centaur Theatres, has been hailed as a singular and remarkable theatrical experience.

The City Stage production is designed by Drew Borland, and features Ken Kramer, Artistic Director of Regina's Globe Theatre, in the role of Dr. Bethune.

Preview - Thursday, September 18th, 8:30pm Performances - September 19th and 20th - September 23rd - 27th - and September 30th - October 4th. Curtain Time is 8:30pm. Tickets - Tuesday and Wednesday \$2.50 - Thursday, Friday and Saturday \$3.00.

## BACH CONCERT RECITAL

### PATRICK WEDD IN RECITAL

Patrick Wedd will give the first recital in his 1975-76 concert series on Friday, Oct. 3, 1975 at 8:30pm in St. Philip's Church 27th Avenue, 1 block West of Dunbar.

This all-Bach programme constitutes the beginning of year two in Mr. Wedd's three-year project to play all the Keyboard works of J.S. Bach.

The concert will include the following works: Trio Sonata #4, Prelude and Fugue in C minor, Variations on 'Sei gegrusset, Jesu gutig'. Subscription series rates \$15.00 adults \$10.00 students and O.A.P. Individual concert rate \$3.00 and \$2.00 respectively. Additional information and season's tickets available by phoning 732-6026.

### MUSICAL NOTES

by

#### SHABIN AMERSHI

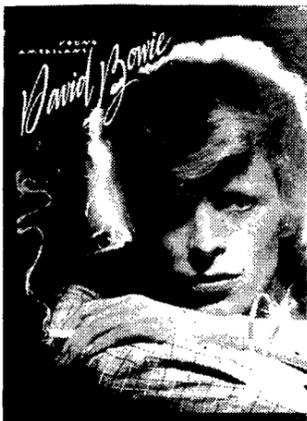

#### RECORD REVIEW

### DAVID BOWIE - YOUNG AMERICANS (RCA CPL1 - 0998)

And here he is! A man disliked by few, devoured by most. A new album and a new book. Short red hair, ear ring on the right ear and pretty. He has always been femininely beautiful, never masculinely handsome - despite his voice. Before any of his followers can catch up to him, David Bowie is into something new and so far, something different. He calls his new music 'disco-soul' - originally the black American's music - a la James Brown which has become very popular in 1975. This direction started with his 'Diamond Dogs' and should full circle with the next album.

It is interesting that prejudice is on the way out. Blacks used to be looked down upon, now they are being followed, the leaders of a new musical revolution: discotheque. Such is Bowie's music, directed towards the new generation, appropriately titled, the Young Americans.

The album starts off with the title tune, which on the first listening is hopeless. The lyrics are obscure and haunting. He writes about tragedies, how the young American is not aware of his environment, how he wants money, limos, fame, if only by ripping-off the society. Bowie himself must be aware of his surroundings, and the power he holds over so many fans. He must HATE IT ALL!

Bowie has used female vocals for choruses, all the way through, which are effective on songs like 'Win' and 'Fascination', but don't work on some, like 'Right'. The song drags along, as if to fill space. It tends to be very repetitive. The second half of the cut is not Bowie at all. It is the back-ground female vocalists.

The second side is where it's at. All tunes may be danceable, but the energy is not totally directed toward the discos. The time the songs are more melodic, far more meaningful, though just as haunting, better produced, and generally well-played.

It opens with George Harrison-ish guitar licks on 'Somebody Up There Likes Me'. From the first notes, the song proves to be one of the better tracks on the album. Next comes the biggest disappointment of the album. Bowie's version of the Beatle's 'Across the Universe' is totally uninspired. Even with John Lennon helping him out, Bowie has come up with a fourth-rate number. It should have been saved for 'Bowie's Work Takes'. It is a sweek imaginative song, but he sings it with unnecessary powerful vocals.

'Can You Hear Me' is one of Bowie's better ballads, if you can call them ballads. Bowie can never sing smooth and gentle. Any gentle vocalist can turn this one into a hit. Bowie has filled it with running bass line, guitar licks, heavy percussion - although these never come to the foreground - and powerful background vocals. That doesn't leave too much room for easy listening, does it?

Last on the platter comes the most rocking, most commercial cut, 'Fame'. It is definitely the cooker of the album. He deserved a hit from this one, and sure enough got it. Lennon is supposedly singing on the chorus, but it's hard to pick out his voice. It is a good collaboration by Bowie, Lennon and Chris Alomar.

The production techniques give the song a very good overall effect. As he has frequently done, Bowie dubs his own voice - I wonder why, with all the good singers he has around him.

I have tried to get into Bowie several times. I even bought his 'Diamond Dogs' L.P. but with this one, I've finally decided David Bowie definitely doesn't turn me on. I'd rather listen to the likes of John Lennon, but can I help it if he decided to play with Bowie?

'Young Americans' is not for the uninitiated, yet it will be loved by his die-hard fans. Bowie has come a long way since his 'Space Oddity' days, if only downwards. I feel D.B. is now trapped, having nowhere to go from here. He has followed numerous musical directions and come up with unpteen different images. What next?

### SHORTCUTS

You must have heard - Elton John's concert in Vancouver on October 16th sold out within 4-1/2 hours. It was announced at 8:15 am on the radio that tickets would go on sale a mere 45 minutes from then. When the concert was announced 'sold out, there was still a 3 block queue waiting to buy tickets. Officials are trying to arrange a second concert for that same week. Imagine the amount of cash Elton will miss out on if it cannot be arranged.....Local group BTO are turing out hit singles every other week it seems. Their latest is called 'Four Wheel Drive'.....McCartney and Wings are planning a January '76 tour.....Albums to watch out for in the fall: 'Cold Cuts' by McCartney, 'Rock n' Roll Circus' by The Stones, and as yet unnamed from George Harrison (the single has already been released), Elton John, Edgar Winter Group, and Joe Waleh (live).....That's all for now - may God's love be with you 'till next issue.

### FLYING SAUCERS AT THE PLANETARIUM

Starting September 19, 1975

UFO's get the full treatment in this new Planetarium show. The intriguing topic may pose questions that can't be answered, but the Planetarium has produced a few 'saucers' of its own to help shed light on this modern phenomenon.

No shows Mondays. Tues. and Wed. at 3:00 and 7:30pm, Thurs. at 7:30pm only, Fridays at 7:30 and 9:00pm, Sats., Suns and Holidays at 1:00, 2:30, 4:00, 7:30 and 9:00pm.

The Vancouver East Cultural Centre presents

### DAYS MONTHS AND YEARS TO COME

The Cultural Centre is presenting a series of five concerts by the exciting new music ensemble 'Days month and years to come'. This series, to be heard during the coming year, is designed to bring the listener into closer contact with the music of today. The six musicians in the ensemble are: Graham Boyle, percussion; Kathryn Cernauskas, flutes; Paul Grant, percussion; Tony Nickels, oboe; Alex Pauk, conductor and piano; and Patrick Wedd, harpsichord and piano.

The first concert will feature 'Promenade sur un Corps' by Luis de Pablo, 'Sleep Whispering' by Allan Rae, and 'Consort', a piece for two pianos, two percussionists oboe and flute by ensemble member Alex Pauk.

This series is made possible by a grant from the Vancouver Foundation. Sunday September 21st Curtain Time 9:00pm Tickets - the series of five concerts \$8.00 or per concert \$2.00.

### JAZZ-CLASSICAL GUITARIST MICHAEL KLENIEC

This will be Jazz-guitarist Michael Kleniec's second appearance at the Cultural Centre. His first, back in 1973, was followed by a year spent as guitarist-in-residence at the Burnaby Art Centre. In the last year Michael Kleniec has also recorded an album entitled 'Sending' which has recently been released. His concert will feature original arrangements of jazz and folk themes with guitar improvisation. Sunday September 28th Curtain time 8:30 Tickets \$2.00 General \$1.50 Students and O.A.P.

**ATHLETICS SCHEDULE**

**SPORTS**

The following is a list of the teams and the facilities available to you at BCIT:

**BCIT COUGAR TEAMS**

**COUGARS BASKETBALL** men's and women's teams - practices started. T,Th 5-7PM  
**COUGARS VOLLEYBALL**

Both men's and women's teams. practices begin Oct 16 5-7PM  
**COUGARS FIELD HOCKEY** Womens team only. Practice TBA  
**COUGARS ICE HOCKEY**

**COUGARS BADMINTON**

The Badminton Season at BCIT will officially get underway Thurs Oct 2nd. We encourage all those who are interested in social or competition badminton to come out and enjoy themselves.

Looking over the list of students signed up, we find a fairly even split between beginners and experienced competitive players. This season we will try to please both these groups.

**EXTRAMURAL SPORTS**

Men's team only. A short try-out will be held at Columbia 4-Rinks Arena. Dates are:

- Sept 17 Wed 12:00-2:00PM
- Sept 24 Wed 12:00-1:30PM
- Sept 26 Fri 5:00-6:00PM
- Sept 29 Mon 5:45-6:45PM

We are pressed for time due to an early league schedule. All interested players are asked to be at the Arena 1/2 hour prior to scheduled practice. Wear a name tag on your helmet or sweater. The SAC Equipment offices do not provide equipment (Sticks, Pants, Socks). A limited amount of goal equipment will be available at the office or rentable at 4Rinks. First Exhibition Games are slated for October 3 and 4.

Coach??? Wally rowan  
**COUGARS SOCCER**  
**'MENS' TEAM HAS BEEN PRACTISING SINCE SEPT 3rd.** Needs experienced forwards. Watch for posters. **GAMES:**  
Sept 20 Malaspina at BCIT 12PM  
Sept 21 VanComCol at BCIT 2 PM

For those people interested in forming a good solid club, social and competitive, you are urged to attend a short meeting on October 1, 1975, at 12:30 in Room 272.

**COUGAR RUGBY**

mens team now practicing - all welcome, watch for practice times

**Upcoming Games:**

Sept. 20th Okanagan at BCIT 2:00

Sept. 21st Malaspina at BCIT at 12:00 p.m.

**COUGARS CROSS COUNTRY & TRACK AND FIELD**

Watch bulletin boards

**COUGAR GOLF**

Totem Championships take place at Kelowna Golf & Country Club 26, 27, & 28th September.

**COUGARS CURLING**

Watch bulletin boards for info.

**COUGAR MANAGERS AND COACHES** - many teams in need - money offered - come out and aid a needy team

That about wraps up the teams, if you have any questions about any of the preceding feel free to drop into my office which is situated in the societies offices in the SAC or see Wally Rowan or Jim Mitchell in the Athletic Dept.

For people who would like to learn the game we will have coaching sessions. Their number and level of skill will depend upon those people who participate. If you are one of the many first year players, please come to the meeting Oct 1 and help set up the schedule for coaching you would like to have.

Last year the competitive side of badminton, BCIT's played exceptionally well at inter-collegiate games in the GVRD. These league games are played in a tournament format through the badminton season, and end with the Totem Conference Championships. the winners of this last tournament attend the Four West Championships, held last year in Saskatchewan. Winners of the Four West tournament go on to the Canadian Inter-Collegiate Championships held in Montreal.

For competitive players who feel the caliber of play is not up to their standards, I can promise company beer **ON THE TABLE**, if you go unbeaten through the Totem Conference Schedule.

**URGENTLY REQUIRED**

Coach -Mgr - Ladies field hockey  
Coach-Mens & Ladies-Volley Ball

Coach-Mgr. - Ice Hockey

**FACILITIES**

**BCIT RESIDENT GYM** - This is situated in same building as the pool... under heavy review....info will be published in near future. So far Tuesday and Thursday 6:00 to 10:00 p.m. is reserved for a nurses exercise course, the Vocational School has the gym on the same days from 3-5 p.m. and the Staff Society has use on Friday evenings from 7-10 p.m. It is expected that in the next short while that Gymnastics, Kung Fu, karate and wrestling will also be using the facility - to be announced.

Residence Field - open to rec play except Tuesdays and Thursdays from 5-7 p.m. when rugby will be practicing there. There is an outside volleyball net set up there.

**SAC FIELD**

Main field behind SAC building and tennis courts open whenever Cougar teams are not using grass surface - track always free - use it!

**MONDAY**  
5-7PM COUGAR VOLLEYBALL

**TUESDAY**  
3-5PM VOCATIONAL SCHOOL

5-7 PM  
**COUGARS BASKETBALL**

7-10PM INTERMURALS  
**WEDNESDAY**

11:30-2:30 INTERMURALS  
5-7PM COUGAR VOLLEYBALL

**THURSDAY**  
5-7 PM  
**COUGARS BASKETBALL**

7-10 PM  
**COUGAR BADMINTON**

**FRIDAY**  
OPEN EXCEPT ON MAJOR DANCE NIGHTS & SPECIAL FUNCTIONS

**BCIT SWIMMING POOL**  
Sited across Willingdon Ave. at old Willingdon School for Girls' residences...in need of life-guards. If no more qualified guards apply for work at our office, we will be open on limited hours.

**MONDAY**  
7-11 PM OPEN SWIMMING

**TUESDAY**  
5-7 PM SCUBA CLUB

7-11PM OPEN SWIMMING  
**WEDNESDAY**

11:30-2:30  
**OPEN SWIMMING**

7-11 PM OPEN SWIMMING  
**THURSDAY**

5-7 PM SCUBA CLUB  
7-11 PM OPEN SWIMMING

7-11PM STAFF NIGHT  
1-5 PM OPEN SWIMMING

**SUNDAY**  
1-5 PM OPEN SWIMMING

**EXTRAMURAL SPORTS CHAIRMAN**

**WAYNE SEAMAN**

Greetings! I'm Wayne Seaman, your Extramural Sports Chairman for the school year. My job will be to establish and promote athletics in keeping the sporting spirit alive at BCIT, while also acting as liaison between the Student Association (our student's council) and the established operating Athletic Department here. In this position I will handle problems like making sure the gym receives proper tender loving care and is not used as just a bigger place to hold those bottle beaten, pub, wine, and dine, aborted, dances and drunks... or like attempting to get much needed expanded facilities such as more tennis courts etc.

Now, I realize many of you don't really understand what the term Extramural Sports means so let me explain. Extramural sports are the Institute's teams (the B.C.I.T. Cougars), these teams represent us in competition as a member of the Totem Conference (a group of small colleges and Institutes throughout the province who get together to compete for supremacy in hockey, basketball, rugby, volleyball, soccer and so on). Should one of our teams be fortunate enough to come out on top of the Totem Conference then that team would represent B.C. at

of hopeful athletes...I encourage each and every interested athlete to come out and try out for the Extramural sport team of your choice, we want you athletes especially who have played in high school or for local teams-let's make BCIT Cougars a power house in the Totem Conference this year, come out and help us win, win, win, and above all have a good time.

Say! If you're not all that athletically inclined, why not come out to support our teams, and get some good entertainment very cheap?...Its' FREE.

In closing, let me remind you that the gymnasiums, weight rooms, swimming pool, tennis courts, 440 track, soccer, grass hockey, and football fields are for your use...so lets put them to use.

To play for the BCIT cougars, athletes must try out and make the team...that is, we select our best athletes to represent us against the ultimate our opposition has to offer.

In the past, the Cougars have done an admirable job of representing this institute in every sport we've competed in.

This year looks even better with an outstanding response given to each sport offered...it will be hard for the coaches to pick their rosters from such a large number

**TENNIS COURTS**

**FIRST COME FIRST SERVED\* PLEASE DON'T HOG THESE COURTS\* PLAY THREE GAMES OR 45 MINUTES WHICHEVER IS SHORTEST.**

**SUPPORT B.C.I.T.**

**COUGARS**

**EAT EM ALIVE!! IN '75**

**WEIGHT ROOM**

Always open for rec use.

**SAC CHANGING ROOMS**

Mens and womens available, showers, lockers, towels available

In closing I would like to remind one and all of the Athletic stores office which is located in the SAC building. It is there to serve you, a staff member will handle any question or need you may have - please be patient here it is a busy place and a new crew of workers is being trained. I also ask that in the case that we haven't received our supply shipment for this year by publication date, please accept what is there, the new supplies are expected any day now.

Remember those upcoming games in Soccer and Rugby - come out AND SUPPORT THE COUGARS!!! MAKE A DAY OF IT\* COME SEE THE GAMES\* PLAY SOME TENNIS\* HAVE A PICNIC.

# \* NOTICEBOARD \*

## THE PINBALL MACHINES ARE YOURS.

### DON'T RIP THEM OFF!

The machines in the SAC Building are installed by the Student Association for your benefit. If you rip them off or damage them you are only hurting yourself. Last Weekend 2 cues were taken and if this happens again we will have to close down the machines on weekends as the Student Association pays for repairs and replacements. Thank you for your co-operation

Student Association

## BIERFEST IS COMING!

### OBITUARY

#### HARRY F. DUVARNEY

Hank Duvarney, who died suddenly on August 4th, joined the Natural Gas and Petroleum Technology of B.C.I.T. as a technician in 1964 and was responsible for the erection and operation of most of the equipment in the Gas and Oil and Union Operations laboratories.

## SKI CLUB

Ski Club meets in Room 173 on September 24th, at 11:30am. We'll discuss ski lessons for beginners. Those interested should show up.

On an more advanced level, let's set up a Christmas ski trip. Obtain Outdoor Lodge Memberships, so you can use the Lodge at Whistler.

WATCH THE LINK for more SKI CLUB announcements. New members welcome, and last year's crowd too!

## SOMETHING DIFFERENT TO DRINK WITH LUNCH!

## PARKING PROBLEM?

BY V. GEORGE SCOTT

Vice-President Internal Student Association, BCIT

A brief history - B.C.I.T. was first opened in the fall of 1963 with 500 students and no parking problems. Time progressed and enrollment at B.C.I.T. and B.C.V.S. increased without any major developments in the parking facilities.

Last year an area of the paved lot was reserved for people who wished to form car pools. A total of four groups applied! The reserved area was then given back to random parking.

NOW - The parking situation is completely insane. If you don't get here early [before 8:10 a.m.] you don't get a parking spot.

The solution is simple, or is it? All we have to do is eliminate the cars. Right? Right!! To do this we encourage everyone to come to a meeting on Tuesday, September 23rd, in the SAC Cafeteria at 4:00 p.m. At this meeting it is hoped to come up with some solutions.

All students who park cars at BCIT please attend.
