Link Staff Report

A new campus centre for BCIT is on still on the drawing board, thanks to a grant from the BCIT Board of Governors.

The Board, approached by the Student Association in July, approved in principal the concept of a campus centre and agreed to donate \$25,000 towards the cost of a set of preliminary drawings. The S.A. had asked for \$35,000 from the Board, but is able to proceed with the smaller amount.

The grant will keep the architect working on the plans until the end of September, at which time an estimated \$40,000 more will be needed to complete the plans by January 1, 1987. Troy Nagy,

BCIT receives ACCC award

BCIT recently won a major award from the Association of Canadian Community Colleges for its work with the B.C. Ministry of Transportation and Highways.

The award, part of the ACCC human resource development project 'Making Canada Productive', recognizes BCIT's working partnership with the highways ministry in training workers in surveying and other engineering areas.

The ACCC called BCIT's program "an innovative project" and BCIT President Roy Murrary and Tom Johnson, the Deputy Minister for the Department of Transportation and Highways, were on hand to accept the award May 28th in Calgary. BCIT and four other colleges received awards of recognition. The ACCC, which has 125 members access Canada

The ACCC, which has 125 members across Canada, organized the 'Making Canada Productive' project to help improve workforce productivity by promoting partnerships between industry, labour, government employees and the colleges and institutes of Canada. S.A. campus centre expediter, is reponsible for raising the additional planning money, as well as money for construction of the centre itself.

Currently, Nagy is working with local MLA Elwood Vietch in preparing a proposal for the provincial government. Nagy wants to tap into a special fund Post Secondary Education Minister Russ Fraser has available.

Fraser has available. Nagy has also written to the Federal government, which two years ago provided SFU with half a million dollars towards a building that would house a women's access centre. He hopes the feds are interested in providing similar support for a BCIT office. Nagy says BCIT offers quite a variety of trades and technologies that would qualify as non-traditional programs for women. The corporate sector is Nagy's third funding target. "We're working with the Sentinel Group for possible fundraising from the corporate sector," says Nagy. Nagy has also discussed fundraising with BCIT alumni.

"We're just putting togetner the (fundraising) campaigns," says Nagy. "I expect they'll be rolling by the end of September."

The campus centre, slotted for an area at Goard and White Avenues now occupied by trailers, is a project of the Student Association. It will contain all S.A. offices and most S.A. business operations, as well as the BCIT Bookstore. Possible other tennants include BCIT staff facilities, a travel office and a hair salon. The building is expected to cost close to five million dollars. The INVADERSI WELCOME BACK

THEYEAR IN REVIEW!

It was a busy and important year

AUGUST

The Board of Governors and President Roy Murray work out an organizational structure for the new BCIT, bringing BCIT and the Pacific Vocational Institute Vocational Institute under one administration. Four Vice Presidents will now report to the President, one each for Finance, Administration, Education, and Student and Educational Support.

The provincial government announces a new student aid arrangement whereby students who graduate receive a 25 or 35 per cent loan remission. A second

plan, rewarding scholastic achievement by returning students, puts as much as

Whistler Mountain. Students and staff will still have access to the cabin, built by students in the mid-seventies

SEPTEMBER.

The Student Association organizes a 'bus fare petition' to protest transit fee increases ranging from 17 to 40 per cent. The increases are especially hard on students who must travel across two or more transit zones and have to pay as much as \$70 a month for a bus pass.

Students raise over \$14,000 during Shinerama, an annual one-day shoe shining fund-raising event in aid of the Cystic Fibrosis Foundation. Cystic Fibrosis Foundation. The total amount raised is

\$400 back into their pockets. The Student Association sells a ski lodge it owned at

higher than that raised in any previous year. 600 BCIT students participate.

An open forum on apartheid attracts only about 25 students and staff. Guest speaker Zayad Gamiet said he was sorry there were not more students interested in the issue. The white students in South Africa who are fighting apartheid need the help of students in Canada and Europe,' he said.

President Roy Murray announces that a curriculum expert will review Hitrac, the electrical department's oneyear-old module based learn-ing system. Students and

staff had complained that the system was hastily prepared and improperly implemented. Murray said it was a 'mistake' to plunge a whole program into a new delivery mode when students and staff are not familiar with it.

OCTOBER

The Student Association Executive rejects a bid by BCIT and the Alumni Association to impose a \$30 alumni fee on graduating students. The Board of Governors had approved the fee under the impression students had approved the idea

The Student Association holds its annual general

meeting. It lasts a full 13 minutes, during which the president and vice president of Finance presented a report and a motion to proceed with the amalgamation of the SA and the P.V.I. Student Union. Both the report and the motion were accepted with little opposition. The officers reported that the SA ended up over \$86,000 in the hole at 84/85 fiscal year end. They blamed higher losses and lower profits for almost all SA operations that year, as well as overspending by the ex-ecutive on special projects.

The Educational Council, a large committee made up of over 50 students, staff, faculty, and administrators disbands. Members and external evaluators agree the council was not functioning effectively and was far too big unclear goals. The Continued on page 5

Tuesday the 16th Labatt's Balloon lands on BCIT playing field Wednesday the 17th SHINERAMA '86 Sign up now!

The Year in Review continued from page 4

council had no real power - it simply made recommendations to the BCIT Board.

The Student Association agrees to allow the World University Service of Canada local committee to place a referendum on the SA election ballot asking for money to support a U.N. refugee student at BCIT.

The BCIT Logger Sports Team takes first place at a B.C./Washington State competition at CNC in Prince George.

NOVEMBER:

The BCIT Board of Governors rescinds the \$30 alumni fee in response to a request from the S.A.

More restructuring of the composite BCIT/PVI. The plan integrates trades and vocational programs under five schools: Health Sciences, Management Studies, Academic and Vocational Studies, Construction and Natural Resources Studies, and Computing and Electro Mechanical Studies. The amalgamation calls for 64 fewer management/administration positions than existed in the two institutions previously. 450 employees are informed they will have to scramble for 400 jobs. The remainder will be laid off. Roy Murray estimates over \$1.5 million will be saved as a result of the merger.

The 20th Anniversary Student Aid Endowment Fund reaches the \$850,000 mark. BCIT alumni pledges total \$625,000, and a grant from the Vancouver Foundation amounts to \$225,000. BCIT's 24,000 graduates are being asked to donate money to the fund, to be used to generate entrance scholarships and other bursaries.

Hitrac is still under attack. An evaluation of the program conducted by a consulting firm agrees with student concerns that the program has serious problems. Murray says it's 'too late for this year,' but does promise some changes to the electrical department.

DECEMBER: Theft of Student Association property and vandalism of SA facilities will cost students more than \$34,000

SCWIST to meet

The Society for Canadian Women in Science and Technology will meet on campus on Wednesday, September 10th, from 1130 to 1300 in room 288, building 1A.

Women on campus are invited to bring their lunch and drop in to meet other women, students and instructors for an informal get acquainted session.

SCWIST offers support and encouragement in particular, to women in non-traditional occupations.

occupations. For more information call Brenda Pengelly at 432-8437.

this year. Shoplifting at the TNT stores, theft of SA furniture, and damage to video machines make up most of the loss, and contribute to rising insurance rates.

The Student Association and BCIT agree to co-fund the Employment Action Centre, which will list and help place trades and vocational students and graduates.

Legislation merging BCIT and the Pacific Vocational Institute passes. April 1st, 1986 is set as the date BCIT and PVI operate as one institution.

JANUARY:

The Board of Governors announces it will support Roy Murray's intent not to increase student fees for the first time in several years. The Board notes that BCIT students 'have demonstrated their committment to maintaining the quality of programs at BCIT... their share of the cost is already higher than any other postsecondary institution in British Columbia.'

BCIT chooses a new logo: the letters 'BCIT' in silver, 'tilted to the right and given a streaked effect to suggest forward movement.'

FEBRUARY:

The BCIT library reports that inventory counts show that over the past ten years *Continued on page 18*

Be an active patient!

- James E. Morrow, R.N.-In trying to maintain your good health, Medical Services would like to give you some ideas on how you can participate in your own treatment when treatment is necessary. We believe you should play an active part, both in maintaining health and treating illness. When you need to consult an expert, a doctor, there are a few things you should know about being a 'patient' which will help you get the most out of your treatment. First of all, your doctor may

studies to be done to aid in the diagnosis. If you have any questions about these tests, be sure to ask the doctor. The doctor can explain the relevance of the tests to your particular problem.

Frequently your doctor will prescribe medications. If you have any questions about your prescription, be certain to ask your doctor rather than waiting and asking the pharmacist. The reason: Any single medication may be prescribed for a variety of reasons, and only you and the doctor know what your symptoms are. The pharmacist may not be able to answer your

questions without first knowing the diagnosis. (On the other hand, you should also feel free to ask the pharmacist any questions any questions that occur to you, for example whether to take the medication before or after meals, or whether it is safe to drive while taking this medication, etc.)

When your doctor prescribes a medication, do not stop taking the medication as soon as you feel better. Continue to take the medication until you finish the entire prescription. There is a sound reason for this advice, it usually takes longer to knock out the symptoms. If you don't take all of the medication, you may find the disease returning. Be well, take care of yourself, and when you need to be a 'patient', be an active

to be a 'patient', be an active one. Courtesy BCIT Medical Services

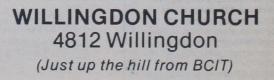

Mark your bike this month

Bicycle theft constitutes one of the major property losses in Canada today, losses of over 100 million dollars annually, and rising over ten per cent per year.

For this reason, a member of the Burnaby Detachment of the RCMP will be on campus Wednesday September 24 during the three hour break to register student and staff bicycles, as part of a Burnaby bicycle identification program. The program is quite simple and only takes about five minutes. The officer stamps and engraves the owner's B.C. driver's licence number on every removable part of the bicycle, and issues a free Burnaby Municipal Bicycle Licence. Those without a driver's licence should bring their Social Insurance Number.

The engraving and registration will take place near the bicycle racks in the building 1A breezeway Sept. 24th.

ITEM: Join our college group for the 4th Annual BCIT **SPAGHETTI FEED** Saturday, September 13 at 6:00 p.m.

Fun, fun, and more fun!

- Tammy Tomlinson

What do you get when you take some shoe polish and a busy streetcorner, add close to a thousand students and lots of laughs, toss in a chance at lots of prizes and top it all off with a barbeque and a dance?

You get SHINERAMA, which this year promises to be the best ever!

This year's Shinerama is a little different from past campaigns. Instead of a pancake breakfast, there is going to be a Shiners' barbeque. After a long day of shining, a barbe-que will be just what the good doctor ordered. Plenty of ice cold drinks, potato chips, free hot dogs, good music and a Great time. The perfect way to

Great time. The perfect way to relax, kick back, and get to know your fellow shiners. But don't worry! Do you think we'd let you hit the streets of Vancouver on an empty stomach? Not a chance! When you arrive on campus to register, there will be fresh baked muffins and a cup of java to get you started cup of java to get you started on the right foot. (No pun intended!).

Wait! Keep on reading! It doesn't stop here. Everyone who shines on Shinerama Day has a chance to win fabulous prizes - Nike and Adidas sports bags, free dinners from the Keg, a free lunch from Bytes Restaurant at Discovery Park, a \$35 hairstyle from or with your set rep. Bogart's for Hair, Canucks Shinerama '86 is on Wednes-and Lions tickets, wine from day, September 17th.

T.G. Brights/Ste. Michelle, Labatt's goodies, a \$25 travel voucher from Cascade Travel, and gift certificates from the Sheraton Villa and This & That Emporiums. Whew! On top of that, the best residence team wins a \$150 dinner from P.J. Burger. The grand prize is a weekend for two in Victoria compliments Air B.C.

All these prizes will be drawn at the Shiners' Dance at the Commodore on Friday night, September 26th. (So don't forget to take your raffle ticket!) Shiners get a special deal on dance tickets, which they can pick up at the barbeque on Shinerama Day. Everyone is welcome!

BCIT favourite The Powder BCIT favourite The Powder Blues will be performing at the Shinerama Dance. They may be called The Powder Blues, but don't let their name fool you, they're Red Hot! They play the best darn dancing tunes this side of the Bockies Don't miss it! Rockies. Don't miss it! And don't miss Shinerama.

It's a great way to start the year off right. There isn't a better way to meet fellow BCIT'ers.

So wear a costume (if you dare!) and join in the fun. Let's all show the other campuses that BCIT is number one! Together we can beat Cystic Fibrosis. Sign up for Shinerama at

the Information Booth in the Student Activity Centre (SAC)

What Shinerama is all about

Tammy Tomlinson-You've seen the posters,

and you've read about it in your registration package, but what exactly is "Shinerama' all about?

all about? Shinerama is an annual fundraiser involving college, university and institute students right across Canada, who take to the streets to shine shoes in aid of Cystic Fibrosis research. It's a unique concept with

It's a unique concept, with students providing a service in exchange for donations, and a heck of a great time.

Cystic Fibrosis itself is the number two killer of children next to cancer. It's an in-herited disease affecting approximately one in every 1600 Canadians - and one person in 20 is a carrier of the CF gene. The disease occurrs when a child inherits two genes, one from each parent. The result is that certain glands don't function as they should, and a thick mucus clogs the bron-chial tubes. Breathing becomes difficult, and progressive lung damage and fection often leads to life threatening complications.

This same mucus restricts the flow of pancreatic enzymes necessary for diges-tion. CF victims also have trouble gleaning adequate nutrition - even from the healthiest of diets.

But there is good news. Up until the 1960's, children with Cystic Fibrosis rarely lived past the age of four. Now, thanks to research, these kids have a chance to see their twentieth birthday.

Researchers have narrowed down the search for the CF gene to less than one per cent of all genetic material found in the human body They are getting close, and with the help of fundraisers like Shinerama, we all hope Cystic Fibrosis can be beaten for good.

Shinerama began about 25 years ago when female undergraduates at McGill and the Montreal Gazzette Newsboy Association com-bined to shine the first shoes in the fight against CF. the link, september 3, 1986

small beginning has swelled to more than 50 campuses nation wide. To date, Canadian students have raised more than \$4 million. Last year 700 BCIT students added \$15,000 to that total.

This year, with the national focus on Vancouver with it's Centennial and Expo, let's show the rest of Canada how

it's done. Come on out and shine some shoes, have some fun, and give a child Breath of Life".

Sign up now at the Informa-tion Booth in the Student Activity Centre (SAC) or with your set rep. Shinerama '86 is on Wednesday, September 17th.

CF RESEARCH UNDERWAY

-Hugh Westrup-

Toronto researcher has Δ moved several steps closer to finding the gene that causes the hereditary disease Cystic Fibrosis

Manuel Buchwald, Dr. a geneticist at Toronto's Hospital for Sick Children, predicts that the exact identi-ty of the gene will be discovered in the next one to five years.

Being able to find the Cystic Fibrosis gene will mean that doctors can provide 'genetic counselling' to prospective parents who think they may have the faulty gene. Identification of the gene will also help doctors diagnose the disease earlier, which would allow earlier treatment.

Dr. Buchwald says finding the Cystic Fibrosis gene is extremely difficult because scientists don't know what they're looking for. 'It's like looking for a house in a city without knowing the street address,'he says, But with the help of a special tool, called a

special tool, called a molecular probe, he now knows which 'neighbourhood' the gene resides in - the approximate location of the cystic fibrosis gene on a human chromosone. (Chromosomes - long 'strings' of genes - are found in every cell of the body.)

Molecular probes are pieces of DNA. When a molecular probe is exposed to a human chromosome, it will stick to a certain place on the chromosome, like a bird homing-in on its nest. In a painstaking process of

trial and error, Dr. Buchwald experimented with more than 50 different molecular probes, testing one probe at a time on chromosome samples from more than 100 cystic fibrosis patients and their relatives.

He was able to locate the 'neighbourhood' of the Cystic Fibrosis gene by finding the molecular probe which seem-ed to behave in a similar way with most of the subjects he studied, and by seeing where

it stuck to the chromosome. The successful probe will now be used in attempts to develop new and better probes that scientists hope will guide them ever closer, and finally, right to the Cystic Fibrosis gene.

R. Buchwald says that Cystic Fibrosis is one of the most common hereditary diseases and strikes about one in 2,000 people. Scientists estimate that one in every 20 people carries the Cystic Fibrosis gene but the disease occurs only in children whose parents both carry the gene.

Cystic Fibrosis causes malfunction of secretory glands in the lungs, digestive tract, reproductive tract, sweat glands, and mouth. The lungs produce a thick, sticky mucus which clogs the air-ways and leaves the victim susceptible to chronic lung infections. Mucus also plugs the pancreas, preventing the digestive system from absorbing enough fat from the diet. The subjects in

Dr. Buchwald's study come from 50 Canadian families, each of

Continued on page 8 Page 7

Getting through Shinerama day

Link Staff Report It's SHINING time again! That's right, time for hun-dreds, possibly millions of eager students from BCIT to descend on unsuspecting Vancouver area citizens. Armed with polish, buffing cloths and donation cans, these students will be ready to shine the shoes and take the money of all passers-by.

However, some of you who plan to participate may be somewhat unfamiliar with the fine art of "getting the job done" once you've staked your street corner. The Link offers the following helpful

hints. 1. SHINE THE PERSON'S 1. SHINE THE PERSON'S SHOES ONLY AS A LAST RESORT! First try to get his or her wallet, empty it and then replace it while the subject is looking for directions to Expo.

2. If this indirect approach to fund raising is not possible, or one member of your shining group is arrested, confront prospective donors directly and threaten them with the curses of your ancient ancesters who will haunt them while they are alone in their bathtubs.

3. If the prospective donors are still not dishing out any cash, get down on your knees and whimper and cry hysterically. This will embarrass most people sufficiently

that they will throw some

change your way. 4. However, if the person insists on a shoe-shine while you're on your knees, sigh with great resignation and reach for your shining kit. 5. To make it more worth

your while, step on the shinee's shoes and scuff them up. This will ensure that they will be impressed with

the terrific job you might do. 6. If your shinnee still hasn't wisely changed his or her mind, choose your polish. Being supplied only with army surplus black and flaming red makes the choice easy, all you have to do is flip a coin.

7. Now apply the polish with caressing strokes, gently something it into the tiny creases of the supple leather, vinyl, or otherwise unidentified material.

8. Once the maximum amount of polish has been transferred from your fingers to the shoes, socks and pant cuffs of the shinee, attack with your brush while doing a Maori war dance around the shinee.

As you fall to the ground exhausted, remember to hold your tin can out beseechingly to the shinee, and then listen to the gratifying sound of money falling into the can. 10. Stand up, and start from

step one again. Good luck!

S.A. Prez makes ACCC board

Link Staff Report

Student Association President Grant Sidnick has been chosen to represent B.C. students on the board of the Association of Canadian Community Colleges. Fifteen B.C. colleges belong to the ACCC, 125 nationwide, and Sidnick will be joining three others B.C. representatives on the board, one an administrator from Vancouver Community College, one a faculty member from Capilano College, and one a board of governors member from an interior college.

Sidnick was chosen to represent B.C. at an ACCC conference in Calgary. He says he ran for the position because he "liked their thoughts and ideas on working together to improve college life."

one a The position involves a lot from of travel - three meetings one a across Canada through the ember school year, although Sidnick says the Institute, not the Student Association, will be pick-ACCC ing up the tab. y. He Sidnick is also not worried

Sidnick is also not worried about the position affecting his job as president of the S.A. On the contrary, he says, "It will enhance my job as president. I will be able to glean off the knowledge of other people in my position".

Grant Sidnicl

Alumni Association earns CASE Gold Medal

The BCIT Alumni Association recently received an award for excellence in recognition of it's achievements over the past three years.

The Council for Advancement and Support of Education (CASE), a major U.S. based professional development organization for people working in educational advancement, presented the BCIT Alumni Association with a "Gold Medal Award" in the Alumni Relations Improvement Category. BCIT was among 25 institutions vying for the award, among them the University of California at San Fransisco, University of Arizona, Pennsylvania State University and Saint John's University.

According to Nicki Magnolo, Executive Director of the Alumni Association, CASE was impressed with the threefold increase in membershic in the BCIT group (from 5,000 in 82/83 to 17,000 in 85/86), the establishment of three branch associations (Kelowna, Chilliwack and Prince George), and alumni contributions to the student aid fundraising campaign (\$771,000 in pledges so far).

The BCIT Alumni Association represents 17,000 graduates worldwide.

Back to School Celebration!

Continued from page 7

which had at least two members afflicted with cystic fibrosis. Clinics took blood samples from each subject and sent them to Dr. Buchwald in Toronto. Dr. Buchwald was assisted by Dr. Lab.Chea Tsui Eurodian

Dr. Buchwald was assisted by Dr. Lap-Chee Tsui. Funding for the research was provided by the Canadian Cystic Fibrosis Foundation.

BCIT students contribute to this worthwhile cause, participating in the nation-wide 'Shinerama' campaign every September. This is a one-day blitz in which BCIT students take to the streets of the lower mainland to shine shoes in aid of Cystic Fibrosis research. Last year, almost 700 students from BCIT raised over \$14,000 to help fight CF.

Shinerama '86 will be held on Wednesday, September 17th. If you would like to become a BCIT 'shiner,' please see Janice or Cheryl in the Student Association Office in the SAC building, or sign-up at the SAC Information Booth.

The year in Review continued from page 5

more than 10,000 books and articles have disappeared, each costing an average of forty dollars.

Nominations are open for positions on the 86/87 SA ex-Only two nominaecutive. tions trickle in during the first four weeks, but by the time nominations close, 22 can-didates have put in for the eight positions. Two later dropped out.

A committee made up of students and staff is set up to formulate a smoking policy at BCIT. The committee plans to survey students and staff this spring, and have smoking policies in place for the fall.

BCIT gets a new minister in Russ Fraser, appointed minister of post-secondary education. Fraser is a UBC engineering graduate, and has been an M.L.A. since 1983.

MARCH:

Two concrete toboggan teams from BCIT compete at the Great Northern Concrete Toboggan Race in Calgary. They place second overall, and take an award for best overall design and apearance. The toboggans reach speeds over 50 kmh. 47 toboggan teams from across Canada participated.

An organized slate of six candidates sweep six of eight

executive positions, and the WUSC referendum passes. A record number of 2110 students cast ballots, in-cluding almost half of all south campus students.

BCIT President Roy Murray says students should pay the full cost of their education, amounting to about \$10,000 a year. He notes it is only an idea, but suggests the the amount would not be due up front, but rather would be repayable over the length of the graduate's career.

BCIT Open House attracts a smaller than expected crowd. Under 20,000 people tour trade and technology displays during the three-day event. Controversy develops when some technology organizers clash with Open House committee members over fund-raising during the weekend.

About 20 kilograms of unused and improperly destroyed blank BCIT che-ques, and a box of confidential student financial records are left out in the open after an office move on campus Students and government of-ficials say the carelessness was 'insane' and 'not a very good situation."

APRIL

BCIT celebrates 'dedication day' April 1st, the official start of BCIT as a 'new' institution, with several campuses and programs in trades, vocations, and technology. Three cabinet ministers, an MP, mayors, and union leaders all get in on balloons, buttons, and a huge cake decorated to represent the Burnaby campus.

BCIT receives word it will get 'global funding' for 86/87, releasing the institute from formula funding, which funds colleges according to a stan-dard cost per student. dard cost per student. However, the good news ends there, as BCIT estimates it will still be several million dollars short of what it will need.

A 'Girls of BCIT' calendar is A 'Girls of BCIT' calendar is endorsed by student council. Then, after opposition from students and BCIT staff, council withdraws its support. The calendar had attracted over 60 BCIT females willing to pose for the student project.

It is announced BCIT convocation will take place on campus this year, in the BCIT gymnasium. At first this worries many students who were looking forward to a downtown ceremony. However, organizers promise to transform the gym with theatre seating, carpets, stage drage drapes, and stage, decorations.

MAY

The Student Association approves its 86/87 budget. The SA expects to handle over \$2.5 million, with \$2.26 million of that generated by its business operations. The remainder is generated by remainder is generated by student fees and video games.

Roy Murray announces budget cutbacks amounting to \$4.4 million. BCIT wanted to spent more than \$76.6 million, but government grants and student fees fall short of this amount. Four Maple Ridge campus programs are cancelled, and others on all campuses are cut back. Several departments, including Student Services, receive cuts ranging from \$50,000 to \$450,000.

An Entrepreneurs' Network is established on campus, under the direction of the student Business Society. An of-fice with computer equipment resource library is and planned.

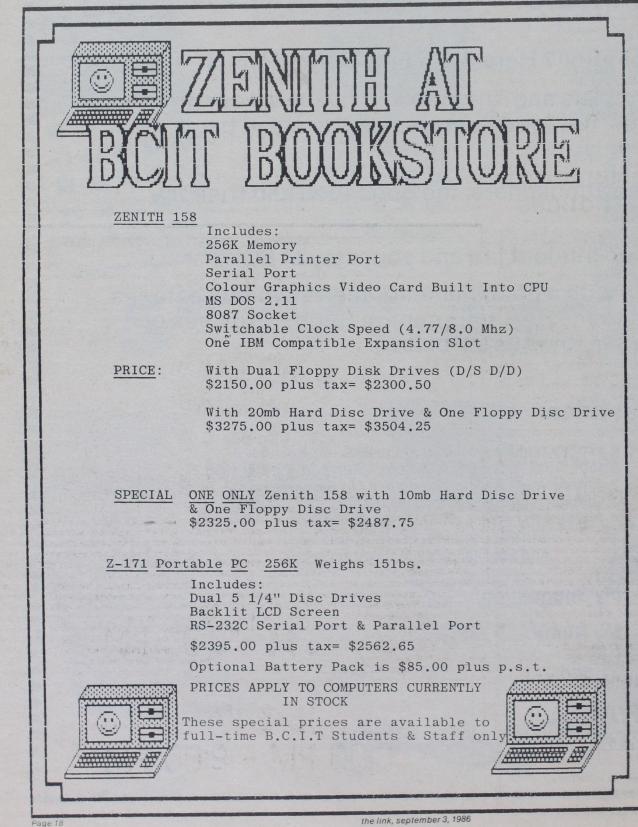

ACUI here in October

In October this year, the BCIT Student Association will be hosting the region 14 con-ference of the Association of College Unions - Interna tional. ACUI is a non-profit network of nearly 1000 higher education learning institutions that has existed since 1914. Members are from two and four year institutions, large universities and small colleges. Their common goal is to help student unions improve their programs and ser-vices and to be effective contributors to individual growth

and development. The association is divided into 16 geographical regions. BCIT's region includes schools from B.C., Alberta, Saskatchewan, Washington, Oregon, Idaho, Montana and Alaska.

In October, 200 representatives from colleges and universities in this region will be converging on the BCIT campus

For more information, con-tact Patti Kluckner at the S.A. General Office.

St. John Ambulance on campus

on the floor below is a food services outlet. We have two styles of first

aid instruction: Conventional and multi-media. The conven-tional features the lecturer presenting the material, with practical problems after. Multi-media has the material presented on films or video tape, with the practical sections included in the session. session.

What is St. John Ambulance? We are an organization with over 100 years of ex-perience in Canadian first aid training. The organization is based on the Order of St. John, a groups of monks and nights of the Crusades. The order was made a first aid and training organization during the time of the British Empire, bringing it to Canada.

Even though history is an-cient, the training is kept up to date with the expanding and changing science of pre-baseited environments of All hospital emergency care. All courses reflect the most modern teaching methods as well as the best possible information.

Come in or phone for more information. We would be happy to help you.

TNT renovates No. 4 store

The No. 4 TNT store in the J.W. Inglis building received a facelift over the summer, and the store's manager is hoping the renovations will boost the store's profits.

Colleen Knox says TNT No.4 has been rearranged in rock that been rearranged in order to make better use of space for marketing pur-poses. According to Knox, before she became manager of the store in January, it had little variety and a low inven-

Handbook

notices

Two notes about the BCIT Student Handbook, one an omission and one a change.

The omission was Ray Richard, Recreation and Athletic Chairperson on the S.A. Executive, who was left off the list of S.A. Executive on page 20

on page 29. The change involves locker problems. In the Handbook students are directed to take

their problems to the Athletic department. Don't. The Athletic department is only responsible for lockers in the

tory, made up mostly of technical equipment. Knox says she can now stock the same way the other TNT emporiums have been stocked -'with a little bit of everything.' Stock level will be higher and students will have more of a choice, says Knox.

In addition to some pain-ting, a 'closed-in section that had no selling value' was pull-ed out, and two new shelving units were installed. New clothing racks were also been purchased.

Head Manager Linda Field says the renovations will cost just under \$2,000

Introducing the BCIT Alumni Association

ACHIEVEMENT AWARD

We are looking for BCIT graduates who have distinguished themselves in their field of technology or have made a substantial contribution to the well-being of the community. There are many graduates who have excelled since leaving BCIT and we want to recognize them with a very special award.

To qualify the graduate will have demonstrated outstanding performance in one or more of the following areas:

- (a) Technical Achievement
 - (b) Business Achievement
- (c) Career Development
- (d) Community Affairs
- (e) Service in Governmen

If you or someone you know qualifies for this prestigious award please write to the Alumni office. Tell us the name of the nominee, how to contact them and briefly outline the details describing why they qualify.

BCIT Alumni Association 432-8847, 3700 Willingdon Avenue, Burnaby, B. C. V5G 3H2

Government shifts money into work study program

The Minister of Post Secondary Education - Russ Fraser recently announced that \$2.2 million dollars has been received from the Job Trac program previously announced by Labour Minister Terry Segarty. The money will increase funding available to the Work-Study Program. The Work-Study Program provides career-related job experience for needy post-

The Work-Study Program provides career-related job experience for needy postsecondary students in British Columbia, while providing financial assistance to help cover the educational costs.

The additional funds will provide an opportunity for approximately 4,400 students to participate in the program

Ruggers to Zealand

The BCIT Cougars rugby club starts their eleventh season under coach Gary Miller with two major objectives this year.

First, says Miller, the team nopes to repeat last year's performance, which lead to a traser Valley League Championship, and second, the club needs to raise funds to tinance a tour of New Zealand and Fiji.

In the meantime, the club is looking for new players to fill out its squad. Miller says interested students are welcome to try out on the first Thursday of the school year (Sept. 4). Miller's pitch: "Be somebody - be a Coug!"

Volunteers needed

Big Sisters of the Lower Mainland is a lay-counselling service which provides oneto-one relationships for girls between 7 - 17 who need special attention. They look for women aged 20 - 40 who are prepared to commit five hours a week for at least a year, and to attend monthly support groups. The work is both challenging and rewarding in terms of personal growth and enrichment. A program of small group activity supplements the one-toone relationship.

Make a difference... Be a friend!

Enquiries welcomed at 873-4325. Address: 4512 Main Street,

Vancouver, B.C. V5V 3R5,

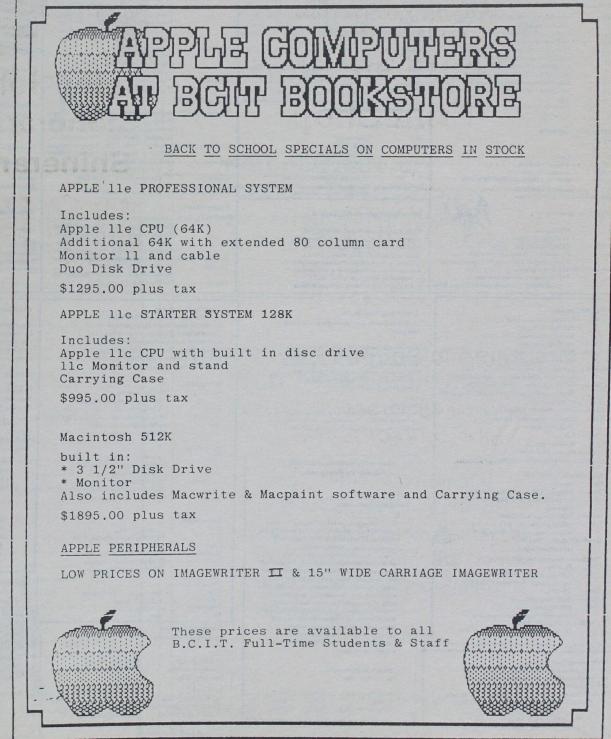

while attending postsecondary institutions throughout British Columbia during the 1986/87 educational year.

'I am very pleased that additional year. 'I am very pleased that additional funding has been made available for this valuable program,' commented Fraser. 'Students who participate in the Work-Study program are not only earning funds to help with their tuition and book costs, but are also benefitting from obtaining training in their field of interest.'

their field of interest.' Work-Study positions are available on most postsecondary campuses in British Columbia and include library work, research, assisting in laboratories, assisting with athletic programs and a wide variety of other functions.

The Invaders planning their invasion of TAPS PUB in the SAC on September 12 and 13th. Straight ahead sixties rock, they tell us.
