Shinerama this Wednesday!

**WRITE
A LETTER
TO THE LINK!**

If you haven't signed up for Shinerama, don't worry about it, just show up in the SAC building tomorrow morning at 7 (Wednesday, September 19).

That's when everyone participating in this year's Shinerama campaign will be quaffing a few pancakes, some coffee and a slice or two of bacon.

Bob Saye and Sterling Faux from 101 CFMI will be broadcasting live from the pancake breakfast, which takes place in Taps Pub in the SAC.

By 10 a.m., most participants will be out on the street, shoeshine boxes in hand. Other will be busy offering car washes, engine shampoos, wheel balancing and shoe shining on campus for a donation to the Shinerama cause. Several hundred students are expected to take part in this year's Shinerama campaign, which has a fundraising goal of \$25,000.

Money raised goes to the Cystic Fibrosis Foundation of Canada, and is used to conduct research into the childhood disease. BCIT students have conducted Shinerama campaigns for 21 years - last year students raised over \$22,000 for the cause.

For more information drop by the S.A. General Office in the SAC, or just show up for breakfast tomorrow!

The wall is ready

Link Staff Report

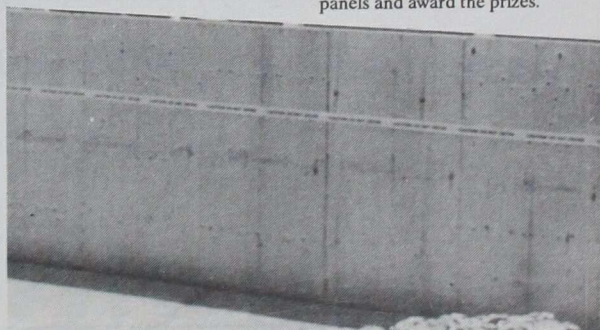

The Wall is wonderfully whitewashed and ready for painting by teams in the **Paint a Panel Contest**. The wall in question is the eight foot high barricade, erected around the "office link" section of the 1A building.

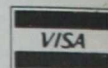

The contest, sponsored by several BCIT departments, features cash and prizes worth over \$500, and is open to teams of one to four students and/or staff.

There is a registration fee of \$20,

and all entries must relate to the contest theme: Environment with Technology and Trades in the 90's. All paint and brushes are supplied, although the colours are limited to the BCIT colours of royal blue, yellow, red, purple and green.

For more information or to register, drop by the Recreation and Athletic Services office in the SAC between 10 a.m. and 2 p.m., Monday to Friday. The competition runs until October 3rd, when a panel of judges will look over the painted panels and award the prizes.

DataTrain

DataTrain 386SX

Special Educational Package:

Features:

- 16 MHz 30386SX processor
- 2 MB RAM on board
- 40MB hard drive
- 3-1/2 HD floppy drive

BCIT Community News

Welcome to the BCIT Community News page. The purpose of this page is to bring BCIT community news and announcements together in one easy to scan page. BCIT Community News will feature articles by and about campus groups, news on upcoming campus activities, and short stories of particular interest members of the BCIT community.

Anyone with class, technology, club or group news is invited to drop it off for the Link at Access Computers in the library or at the SAC Word Processing Centre in the SAC.

BCIT news

The School of Engineering Technology has proposed a major addition to its present offerings: an Advanced Diploma umbrella program, with specializations in Advanced Technology & Technology Management.

According to Dean Dave Chowdhury, the school's current post-diploma programs will be modified over time to fit the proposed framework of Advanced Diplomas, which is intended to be a professional development program for graduate technologists, and provide a bridging to degree programs at universities elsewhere in Engineering and Engineering & Technology Management. BCIT staff are working with the University of Victoria, SFU, and the B.C. Open University to develop the program.

Students invited to join Canadian Institute of Marketing

By Barb Henshaw
Vice President Public Relations
BCIT Marketing Club

The BCIT Marketing Club is proud to announce that is has recently become affiliated with the Canadian Institute of Marketing (CIM). The CIM is an internationally recognized association, which is well established in Europe, Britain, Japan, Australia and in Eastern Canada.

The BCIT Marketing Club promises to offer many exciting social events this year. Julia Dean, the club's new president, is very enthusiastic about the affiliation, as well as upcoming events. "We hope to start off with an outstanding club this year, and keep members involved by giving them the type of club and activity line-up they want, at a reasonable price."

The membership fee to join the club is \$20, which includes registration with the CIM and a club t-shirt. All members receive written invitations to all events, which they can attend at half the price charged non-members, and newsletters keep members informed of club activities. Membership applications are available at Sure Printing in the SAC building.

The first club event is a combination car rally and scavenger hunt, coming up October 5. Cars will

leave from behind the SAC building between 4:30 and 5:30 p.m., returning an hour and a half later. Each car requires a driver and a navigator, who will each receive a beer ticket for Taps, where prizes will be awarded to the top scorers.

To register for the rally just show-up between 4:30 and 5:30 p.m. To pre-register, drop by our booth in the Library on the 3rd and 4th between 11:30 a.m. and 2:30 p.m. Students from any technology are invited to participate in the rally.

For more information on the Marketing Club, CIM, or the car rally, contact Julia Dean at 929-1110.

Health Fair coming

By Jan Poersch
BCIT Medical Services

We all know what a fair is. Lots of booths and displays, good food, sometimes lots of noise and excitement. You can race in and look at just one thing or wander around and savor all the different sights and sounds.

A health fair is no different. At BCIT we set them up in the racquetcourt lobby, because that's where there is room and and you can wander through. BCIT Medical Services' first Health Fair this year will be on Wednesday, September 26 from 1100 hours to 1400 hours.

So, what will you see there? You'll find nutritional information and recipes, including the BCIT Survival Book (haven't heard about that one? Then come and pick one up!). There should be some samples there too, from different marketing boards.

Oh yes, everything is FREE! We know students don't always have full wallets. You will be able to pick up a toothbrush, check your height and weight, find out the right weight for you, win a great prize, all sorts of things.

You'll also find representatives from various community, provincial and volunteer organizations with videos, displays and handouts. They have lots of information and are more than happy to answer questions. If you are in a hurry, you can pick up their information and go through it later.

Don't forget future assignments - depending on the program you're in, this can be a good place to pick up the latest provincial statistics or posters or handouts for a presentation.

The Health Fair is sponsored by Medical Services, located in the SAC building. For more information Medical Services can be reached at 432-8608.

See you at the fair!

PAINT A PANEL CONTEST

THE ENVIRONMENT WITH TECHNOLOGY & TRADES IN THE 90'S

REGISTRATION

Register at the Recreation Office starting September 12th.

Judging will take place at 12:00 noon on October 3rd.

FEE: \$20.00 Per Team of 1-4 participants. Open to all BCIT Students & Staff

SPONSORED BY:

Fake passes available

Editor, The Link,
I would like to voice my concern over the foolish BCIT policy concerning student parking passes. After shelling out eighty one

dollars for my yearly parking pass I was surprised to see a student at one of my lectures proudly proudly showing off his color-copied pass replicas (some plastic backing, a color copier - and presto!).

As it turns out, one doesn't even have to register his name or license number when purchasing student parking passes at the SAC, giving

people added initiative to attempt such tricks. I'm sure that many passes are also stolen for use since there are no records of the owners.

In querying the parking office about the no-registration pass policy, I was told that it was "too much of a hassle" to maintain records. What ever happened to computer data bases? How about stick-on parking

passes?

Dov Katz
2nd year E&E

President condemns discrimination

OPEN LETTER TO STUDENTS AND STAFF

In the past week, two disturbing incidents that occurred on our Burnaby campus were brought to my attention. In one incident, racist graffiti was painted in a men's washroom in the Inglis building. In the second incident, a student wore an offensive sexist T-shirt.

This type of behaviour is

unacceptable at BCIT, and will be dealt with severely. I ask students and staff alike to respond to instances of discriminatory or inappropriate conduct, and to report the occurrence to an instructor or a manager as appropriate. The Institute will not tolerate an environment where human rights are not respected.

For students to be successful at BCIT, they need to feel fully accepted and supported. It is up to all of us to create a positive climate in which all our students can flourish.

John Watson
President

Attention Technology Students

Work Study reminder

BCIT Financial Aid and Awards
The Work Study program provides part time jobs on campus up to 10 hours per week for the period September 1990 to April 1991. Wage rates are \$7.50 and \$8.30 per hour. Work Study is a financial aid program for those students who have applied for B.C. Student Assistance and who require more funds than they are receiving from the government. Positions are available for both Technology and Trades students. Jobs are posted at the Canada Employment Centre (1A-222). Note that some positions were posted September 4 and additional postings were added September 7.

Meetings and activities at a glance

September 20

First open meeting of the World University Service of Canada (WUSC) Local Committee. Meeting runs from 11:45 to 1:15, and will feature information on the Botswana International Seminar, the upcoming WUSC National Assembly, and a visit from Bereket Weldai, the student currently attending BCIT through the efforts of the Local Committee.

Everyone welcome, bring your lunch, and drop in when you can. Telephone Exchange boardroom, building 2E (on the east side of the 2N building).

FREE TIX!!

The promos are running, the show opens on Wednesday, September 19, and the Link has two "admit two" passes to Martin Scorsese's new look at organized crime. *GoodFellas* stars Robert De Niro, Ray Liotta, and Joe Pesci, and is based on the book *Wiseguy* by Nicholas Pileggi. The first two people into Access Computers with the correct answer to the following question can pick up the tix! Question: Who co-starred with Robert De Niro in the locally shot *We're No Angels*?

THE SCOTIA BANKING ADVANTAGE

TAKE IT WHILE YOU CAN!

We know that students have special banking needs. That's why we designed the Scotia Banking Advantage.

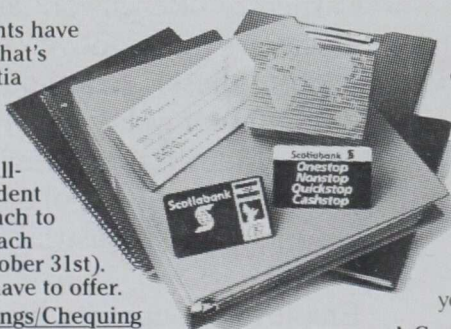

This package of services is available to you as long as you're a full-time, post-secondary student and come into your Branch to reactivate the package each school year (prior to October 31st). Take a look at what we have to offer.

A Daily Interest Savings/Chequing Account With No-Charge Chequing

Open a Scotia Powerchequing® Account. You'll earn daily interest on your deposit and you won't have to pay the usual cheque, pre-authorized payment, withdrawal or transfer fees. You can write as many cheques as you want at no charge without having to maintain a specific minimum monthly balance.

The Convenience Of An Automated Banking Machine Card

With a Cashstop® Card and your Scotia Powerchequing Account, you can make withdrawals,

deposits, transfers, balance enquiries and VISA payments, free of applicable service charges, day or night, at any Scotiabank Cashstop machine.

A No-Fee Credit Card

You'll be able to apply for a Scotiabank Classic VISA® card with a \$500 credit limit. And as long as you have the Scotia Banking Advantage, we won't charge you the usual annual fee.

A Grad Auto Loan³

Once you graduate and have a job, a Grad Auto Loan can help you get a new or used car (up to 3 model years old). You can arrange to postpone the start of your repayment for up to 90 days from the date the loan is advanced to you.⁴ Apply as early as 90 days before starting your new job and up to a year after graduation.

For full details on the Scotia Banking Advantage, visit any Scotiabank Branch. We'll be happy to help you.

Scotiabank

*Registered Trade Marks of The Bank of Nova Scotia
1. In Quebec, this service is called Trans-Action
2. BNS registered user of mark

3. For graduates only, subject to satisfactory job verification and credit approval
4. Interest is calculated from the date of Note. We will apply installments first to the payment of interest and the remainder if any to the unpaid balance of the total amount you have borrowed.

Government to sponsor overseas study

Advanced Education, Training and Technology Minister Bruce Strachan recently announced the province has created scholarships for British Columbia residents who wish to study in an Asian Pacific country.

The scholarships, known as the British Columbia Asia Pacific Students' Awards, are designed to allow students in B.C. universities, colleges, and institutes, to conduct part of their studies in an Asian post-secondary institution.

The Minister also announced that awards will be made available to B.C. post-secondary instructors, professors, and professional staff. To be known as the British Columbia Asia Pacific Scholars' Awards, they will provide a professional development opportunity for B.C. educators, who at the same time will contribute their expertise to an overseas institution.

"The new pattern of international trade today means British Columbians must be familiar with the languages, customs, and social and economic needs of the Asia Pacific region," said Strachan. "Living in a foreign country and working with its citizens are invaluable ways of enhancing cultural understanding."

The new awards programs, with

total funding of \$500,000 this fiscal year, form part of coordinated effort by the Ministry to strengthen the international aspect of provincial post-secondary education.

To support such an effort, the British Columbia Centre for International Education has been

established with offices in downtown Vancouver. The Centre, governed by its own board of directors, will provide a wide range of services to help educators and administrators in B.C. post-secondary institutions develop the province's international education initiatives.

SCIENTIFIC GENIUS

TI-68: 254-function calculator for technical students and professionals

The further you go in engineering math and other technical courses, the more you need a scientific calculator that speeds you through complex problems. With 254 powerful advanced scientific functions, the TI-68 from Texas Instruments is both a smart choice and an exceptional value. The TI-68 easily solves up to five simultaneous equations with real or complex coefficients... evaluates 40 complex number functions... and allows polar and rectangular forms for entries and results.

A convenient last equation replay feature lets you check your answers without re-entering them. Formula programming provides up to 440 program steps for as many as 12 user-generated formulas. Perform operations in four number bases, one- and two-variable statistics, and Boolean logic operations. The polynomial root finder calculates real and complex roots of quadratic, cubic or quartic equations.

Only the TI-68 delivers so much functionality, value and ease in one compact, advanced scientific tool.

SPECIAL LIMITED TIME OFFER ON THE TI-68 ONLY!!

Free Illustrated T-Shirt with Every TI-68 Purchase at all Participating Texas Instruments Dealers.

TI-81: Powerful, easy to use 300-Function graphic calculator

The TI-81 Graphics Calculator from Texas Instruments is the first graphics calculator developed with leading mathematics educators and experienced classroom teachers specifically for the special needs of mathematics education.

Power to attract young minds. The TI-81 has been designed to enhance students' understanding of the conceptual relationship between graphical and algebraic representations. It offers unique capabilities for easily entering and saving functions, choosing a viewing range, and automatically plotting functions. Computer-like features and cursor keys provide flexible zoom capabilities and greatly simplify tracing along functions, with both X and Y coordinate values displayed.

In addition to these interactive graphing features, the TI-81 also handles parametric equation graphing, matrix operations, and one- and two-variable statistical analysis. It even has extensive programming capabilities and special drawing and shading features. A special guidebook written with the help of leading mathematics educators is provided.

Designed for easy use. The clean-looking TI-81 provides more features than many complex-looking calculators by making extensive use of familiar "pull-down" screen menus. These menus permit clear, descriptive labels to identify complex functions so students can easily access, select, and execute desired operations. Students will appreciate the larger, well-spaced, colour-coded keys with clear descriptive names. Graphing, standard scientific, and advanced functions, along with the cursor keys, are logically arranged in groups to reduce confusion.

B.C. COLLEGE SPORTS AWARD PROGRAM

The Ministry of Advanced Education, Training and Technology has announced the creation of a College Sports Awards Program that will apply to most intercollegiate athletic programs.

Programs eligible are:

- * Badminton
- * M & W Soccer
- * M & W Volleyball

Once you have been selected to a team, our coaches will complete with you the necessary forms. The award totals \$500 and will be paid on the successful completion of each term in \$250 portions.

Volleyball practices have begun

Practices started this week for both the mens' and women's volleyball teams. Both teams face tournament beginning on October 20th, when the mens' team travels to Kamloops and the womens' team heads over to Capilano College.

Players making these teams will be eligible for a new \$500 athletic scholarship, administered under the College Sports Award Program. Both teams are still looking for players, students interested in trying out can attend practices held on Tuesdays and Thursdays, from 5:30 to 7:30 p.m. in the West Gym.

For further information, contact Gary Yip at 298-7177 (women), or Glenn Wheatley at 435-0513. Both can be called during the evening.

YOU CAN TELL a lot about Jack Daniel's Whiskey from the sign on our front gate. Visitors from Canada always comment on this sign and especially our quiet, unhurried way of life. You see, we make an old time whiskey here, slowly charcoal mellowed to sippin' smoothness. And we age it slowly too, over long years and changing seasons. Yes, there are faster ways to make whiskey. Many distillers employ them. But once you compare Jack Daniel's, you'll understand our reluctance to pick up the pace.

JACK DANIEL'S TENNESSEE WHISKEY

If you'd like a booklet about Jack Daniel's Whiskey, Write us here in Lynchburg, Tennessee, 37352, U.S.A.

Yes We Can!

"I have a plan! I have a plan!
I have a plan!" said a man named Sam
"I have a plan for this can in my hand
I have a plan for every man
I'll make a can for all the cans
From every man in this land
From my hand each can will land
In my can for all the cans
From every hand of every man
A can will land in this can
And with these cans from every man
To a man I will hand
Who makes new cans from these cans
To hold your jam or your canned ham
Mountain yam or salted lamb
Butter clam or even spam
With these cans we even can
Build a tram or a van
A ceiling fan or a dam
Or new cans to drink from hand
The favorite beverage of the land
So every man can have a can
Including Stan and Pam and Jan
Dan and Fran and of course Sam
And these new cans from every hand
Of every man in this land
Will once again land in the can
For all the cans and once again
We will hand them to the man
Who makes new cans from these cans"
And so the plan
(the plan of Sam)
Starts again
And again
Yes we can
Yes We can!
