

NUCLEUS 76

**THIS BOOK IS DEDICATED
TO THE STUDENTS OF BCIT**

**BUILDING FOR THE FUTURE
REACHING FOR THE SKY**

PRINCIPAL

MR. GORDON THOM

I would like to express my congratulations to the graduates of 1976. It is a challenging time for you, one of anticipation and excitement. You have all had to work with diligence to attain the high level of advanced technology required here at B.C.I.T. If you display the kind of dedication I have seen in the past year, the external community will benefit indeed through your efforts.

I would encourage you to remain in contact with B.C.I.T., either on a personal basis or by becoming a member of the Alumni Association. In this way, you can remain an active part of the school and you will add to its growth through your own professional expertise.

Once again, congratulations to the graduating class of 1976!

A handwritten signature in dark ink, appearing to read "Gordon A. Thom". The signature is fluid and cursive, with a large initial "G" and "T".

Gordon A. Thom
Principal

STUDENT ASSOCIATION STAFF

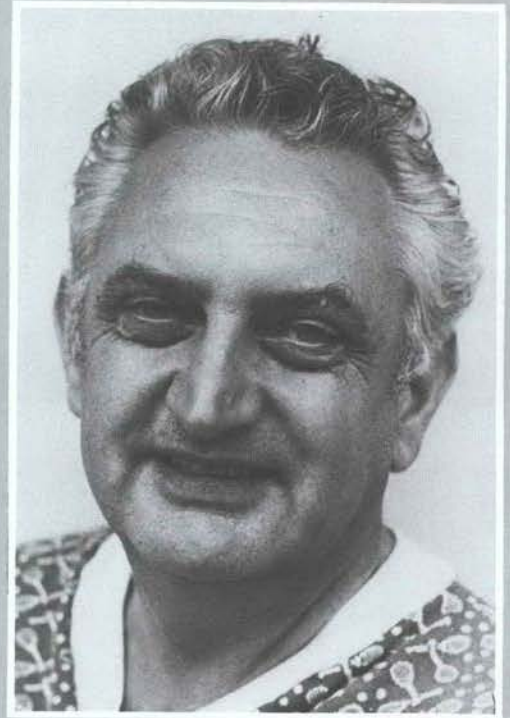

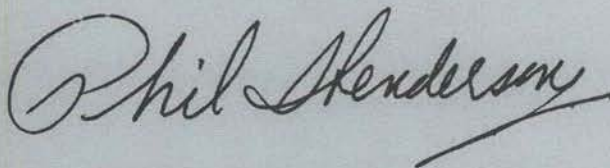

THE SPIRIT OF '76

Traditionally, the college yearbook messages always wish the graduates the best in their forthcoming endeavours. With this, I sincerely hope that patience and understanding be with you at all times.

Our complex society seems to be nothing but confrontations in recent times. B.C.I.T. graduates, as future technologists and administrators, will need all the skills you own and the learning you have been taught, to cope with our problems.

I sincerely hope that honesty and understanding will monitor all your actions.

Happy living ahead for all of you!!!

Phil Henderson
Business Manager

NANCY ROGERS
OPERATIONS MANAGER

BEVERLY STATHAM
SECRETARY, S.A.

STUDENT SERVICES

GRAHAM FANE

Like most yearbook messages; you probably won't read this until you're 50 years old, settled down, and showing your kids the picture book of your school. With this in mind, I've decided to write my message to your kids.

Dear Kids;

The person showing you this book went to B.C.I.T., where he/she worked extremely hard so that they could be in the position they are in today. They suffered through two years of classes, and an incredible amount of homework.

They did enjoy themselves, spending what little free time they had, "socializing". Some spent a lot of time socializing. (Don't let them tell you that "those were the days, when school was all work").

We enjoyed having them at B.C.I.T., and I'm sure they enjoyed it too. I hope to see you here some day.

A handwritten signature in dark ink, appearing to read "Graham Fane".

Graham Fane

Student Services

S.A. PRESIDENT,

STEVE BROWN

At this point in time there is very little I can say to those of you that are graduating except, be proud, you deserve it. To those of you going into second year, hang in there, it's all worth it in the end.

I sincerely wish all graduating students good luck and success in all your future endeavors.

You have all made a lot of friends, many of them for a life time. That makes leaving B.C.I.T. a little bit sad but you need never lose contact with B.C.I.T. or the people you have worked with for the last two years.

There is always the Alumni Association. All graduating students automatically become members of the Association and I ask that you support the Alumni so we can come back to B.C.I.T. and show upcoming students what its all about.

Through the Alumni you can voice your opinion on course contents, governance and every subject important to the running of B.C.I.T. Let future students benefit by what you have taken from B.C.I.T. by putting some of that knowledge and experience back into the institution that gave you a new or better chance in today's complex society.

Finally, to next year's council, I wish you the best of luck and hope that you can look back on this year and learn from our mistakes and benefit from our advances. I hope all second year students will support their council and help first year get on the right track. This is your school now, you are why it exists. Make the most of it. Stand up and be counted, it's your right.

Good bye.

Steve Brown

OPPORTUNITY

With doubt and dismay you are smitten,
 You think there's no chance for you, son?
Why, the best books haven't been written,
 The best race hasn't been run,
The best score hasn't been made yet,
 The best song hasn't been sung,
The best tune hasn't been played,
 Cheer up, for the world is young!

No chance? Why the world is just eager
 For things that you ought to create,
Its store of wealth is still meager,
 Its needs are incessant and great,
It yearns for more power and beauty,
 More laughter and love and romance,
More loyalty, labour and duty,
 No chance--why there's nothing but chance!

For the best verse hasn't been rhymed yet,
 The best house hasn't been planned,
The highest peak hasn't been climbed yet,
 The mightiest rivers aren't spanned,
Don't worry and fret, Fainthearted,
 The chances have just begun,
For the best jobs haven't been started,
 The best work hasn't been done.

**If you think banking
is a dull subject,
open a Commerce
Savings
Account.**

**Your interest grows
and grows.**

There are a lot of interesting things for you in a Commerce Savings Account. Like a college education. A carefree summer on the road in Europe. That ten-speed bike you've been wanting. And more.

All it takes is a little patience. And regular deposits in your account. With our high interest rates, you'll be surprised at how fast your account grows.

Of course, you can withdraw

your money when you want it. And if you move we'll transfer your account free, to any branch in Canada.

Open a Savings Account at a Commerce branch near you. It might be one of the most interesting things you'll do this term.

THE LORD'S PRAYER

[FOR MATH STUDENTS]

Our Lord Instructor
Who art in the Institute
Hallowed be thine equations
Thy discounts be done
Thy percents will come
In Math class
As well as in Lectures
Give us this day our daily quiz
And lead us not into examinations
Forgive us our mistakes
As we forgive those who don't know
what they're talking about
Deliver us from the Villa
For thine is our divisor
Forever and ever

Amen

There's more to forest management than meets the eye

Preservation of recreation, conservation and protection of aesthetic values for the future is recognized an integral part of Rayonier Canada's overall forest management practices.

Rayonier Canada foresters and technicians are devoting an increasing amount of time to recreational planning and projects.

Within the practical limitations of harvesting procedures this policy includes provision for the following:

- *Public access to and through forested areas.*
- *Designation of recreational areas and construction of facilities where warranted by public use.*
- *Preservation of aesthetic values associated with areas displaying unique character.*
- *Maintenance of an acceptable wildlife habitat.*

- *Public information and education regarding forest practices and management.*

On Northern Vancouver Island, which is being looked to by growing numbers of tourists for recreational activities, Rayonier Canada has already developed viewpoints, boat launch ramps and picnic sites. An attractive overnight campsite has been developed on a company recreational reserve in timberlands at Marble River Falls on Northern Vancouver Island. This major recreational facility was opened in 1972.

To advise visitors about the services and attractions of the North Island region a colourful information brochure is distributed.

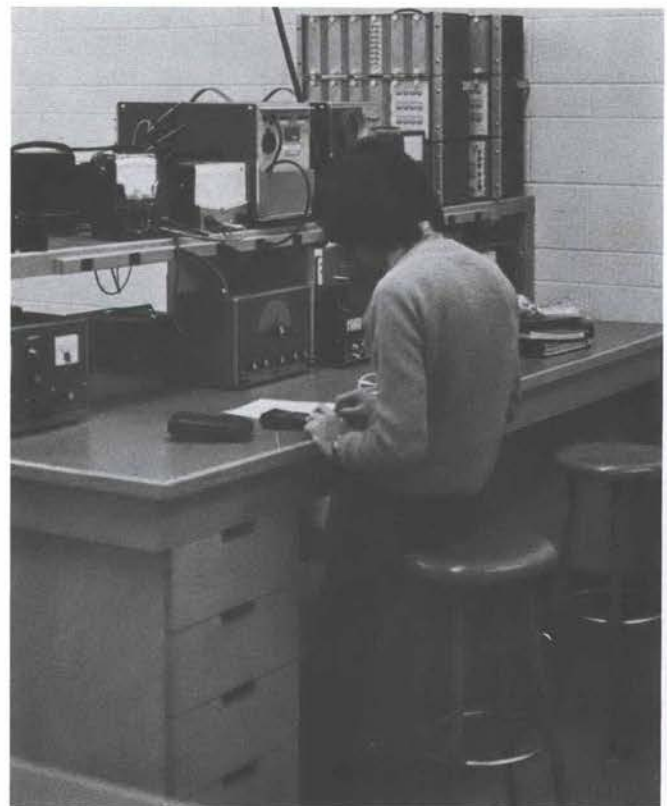

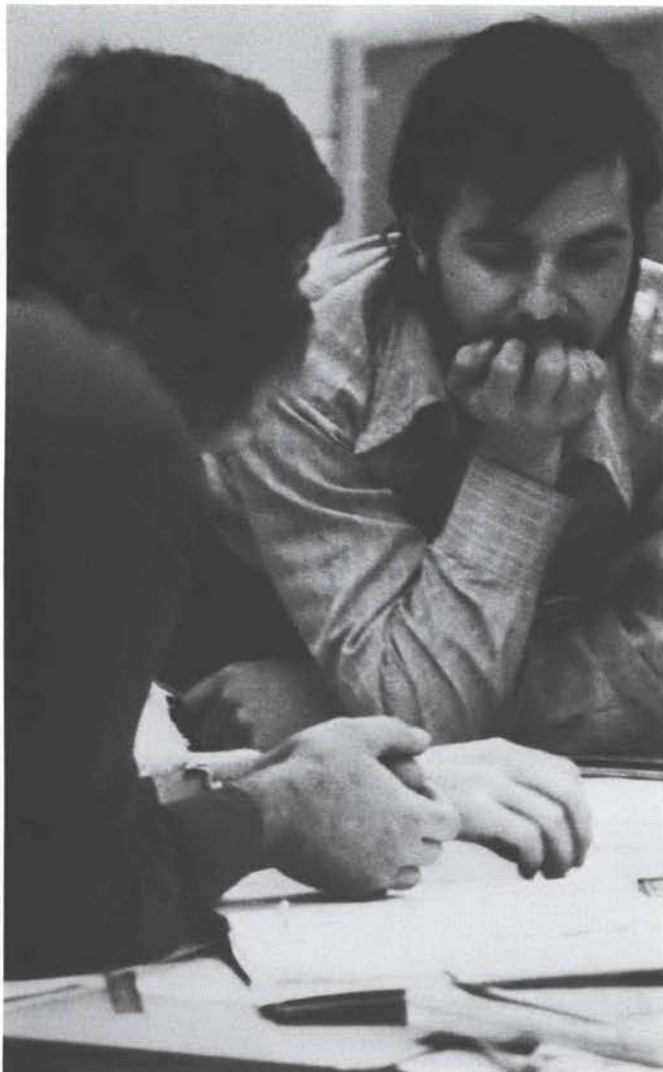

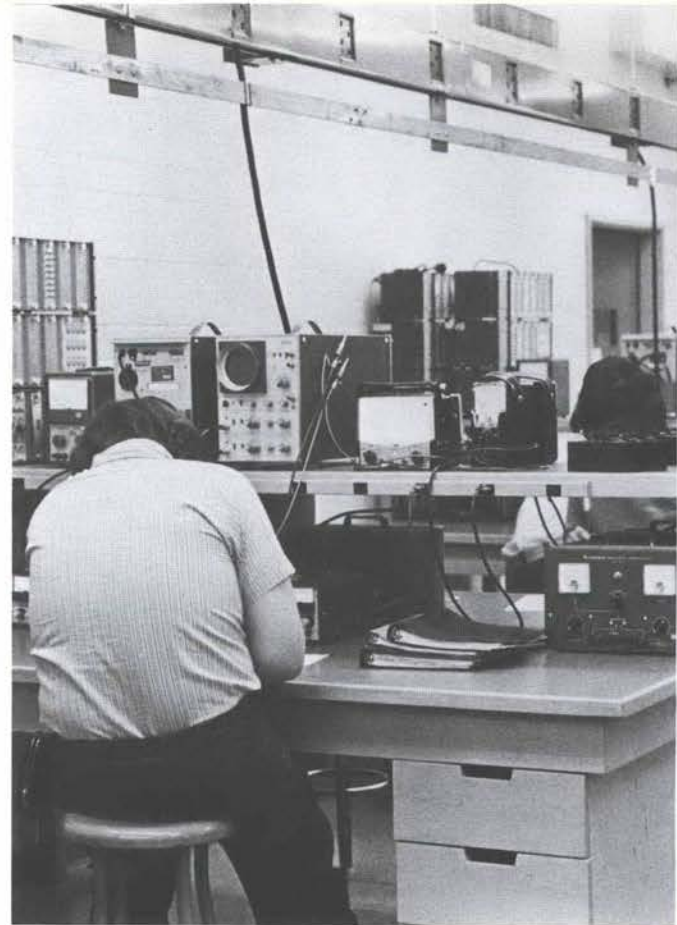

Meanwhile, the company's forestry and lands department is into its initial years of a 10-year forestry

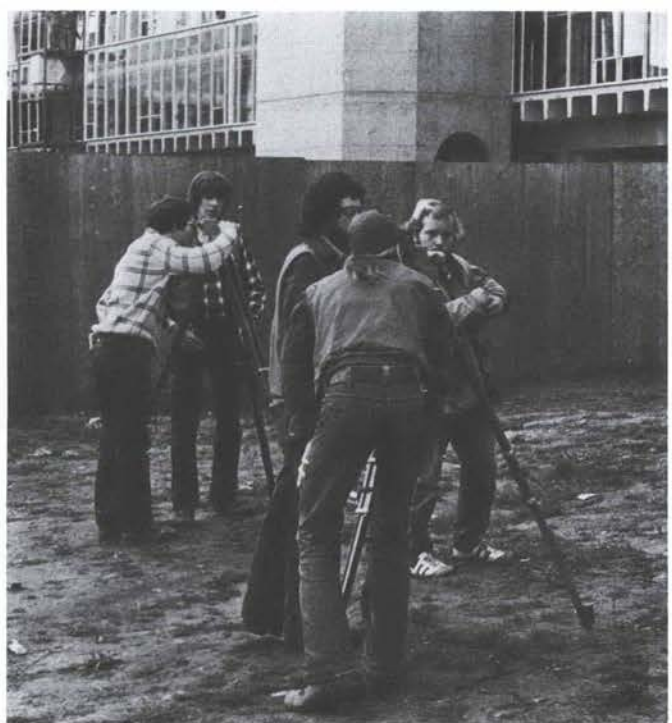

intensification program. One of the most interesting of the current undertakings is an experimental silviculture project being carried out near Jordan River on fir and hemlock stands that were railroad logged a half century ago. Comments by visiting foresters on the thinning project have been favourable and Rayonier foresters have benefited from the expert advice of forest pathologists and silviculturalists who have toured the area.

It is apparent that at Rayonier Canada there's more to forest management than meets the eye!

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY
ENGINEERING SOCIETY
3700 WILLINGDON AVENUE — BURNABY, B.C.

Scott Taylor

ENGINEERING SOCIETY PRESIDENT

When the BCIT Engineering Society was first conceived several aims and objectives were set. These were:

- 1) To promote better communications at BCIT, not only among those in Engineering but amongst all students and staff.
- 2) To engage in and support social activities.
- 3) To promote field trips and guest speakers.
- 4) To support Engineering Technologies financially.
- 5) To support the Society of Engineering Technologists (SET) or any other society pertinent to each Engineering Technology.

This year's Engineering Society has been most successful in achieving these goals.

With the rapid changes in both the school environment and industrial world it is up to the student who graduates from BCIT to keep abreast of the changing technology in which he or she is involved. It is not enough to have a narrow view of the changing world and so Engineering graduates must broaden themselves for roles in all fields of endeavor.

A special thanks to the members of the Engineering Council and the five Engineering members at large on the Student Association, without who's support my job would have been unbearable.

To all the graduates I would like to extend congratulations and best wishes for the future.

To all the first year students, just remember to fit some fun into your agenda.

Health Society

Gordon Mowat

HEALTH SOCIETY PRESIDENT

The 1975-76 academic year at BCIT marked a new role for the three societies, Health, Engineering and Business. In previous years the Societies acted as social directors in addition to their function as political representative of their respective students on the Student Council. Effective this year, the management of social activities was assumed by the Operations Manager of the Student Association, freeing the Societies to represent the students needs more responsibly. The Presidents of the Societies also became, for the first time, members of the Student Association Executive, thus giving a representative voice of the three divisions at the higher level of policy and decision making.

The Health Society has reflected this new role by establishing and promoting a freer communication system between your technology representatives and the staff and administrative heads of the Health Technologies. This improvement of the lines of communication has brought about a better understanding and appreciation of the roles of both staff and students in the Health Division.

I would like to extend my thanks to Allan, C.B., Brenda, Dawn, Margaret and all the other fellow students who made this job worthwhile and rewarding.

To next year's council, good luck and remember that everyone, staff, administration, and students are here to achieve the same goal by mutual trust and respect.

To first year students - sweat, fun and more sweat mixed with little beer is the recipe.

To all the graduates - whew! never thought you'd get finished, did you?

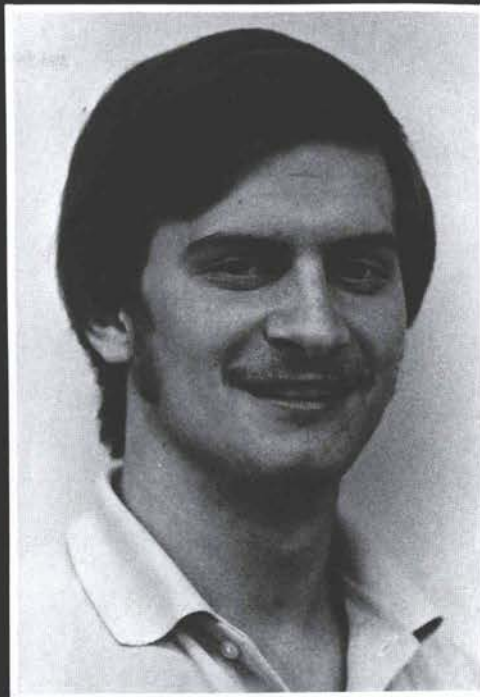

BUSINESS SOCIETY PRESIDENT

This year has passed and during it we have seen many positive changes, both on the campus as a whole and within the Societies. We have found that the administration is increasingly responsive towards our needs, as a result of many hours spent in discussion with them. However, breakdowns can and will occur when the two entities drift apart, making these efforts a constant process.

The rebellion of the 1960's gave way to apathy of the 1970's. Let's try to dispell this pattern with constructive and ongoing plans for improvement. Students at BCIT tend to become so wrapped up in their schoolwork that they sometimes forget that learning is directly associated with involvement and doing. I think that most of us are finding that the 'real world' is not so much concerned with the amount of academic material that one has managed to absorb, as it is with the fact of whether one has learned how to learn and acquired the social skills necessary in our society.

To the first year students, I can only say that the opportunity for this is very definitely here at BCIT and you would be foolish not to take advantage of it. Make use of it while it is available to you - it is probably the last time in your life that you will have this chance.

Jane Timmis

BOARD OF GOVERNORS REPRESENTATIVE

On July 24th 1975, I took over the position vacated by Mr. Jim Britton, as Student Representative on the Board of Governors. The Board is made up of people from Industry and BCIT who initiate BCIT policies. A representative of the student body is required on the Board to provide student input into the decisions and policies implemented by the Board.

It has been my pleasure to work with our Principal, Mr. Gordon Thom, and his staff and I would also like to express thanks to the two other representatives from BCIT, Mr. Jim Caldwell and Mr. Gerry Berkenpas who gave me help during my term of office. Thanks should also go to Mr. Steve Brown and the Student Association for their support this past year. A special thanks too to Mrs. Pat Maertz, the Board Secretary.

I am a student in the Administrative Management Technology and my work on the Board has supplemented my education greatly. My term of office expires July 24th 1976, and I can say this term has been both enjoyable and educational. It has been a privilege to represent the Students of BCIT on the Board of Governors.

One thing I have seen during my two years here is the lack of student interest in matters pertaining to the school. BCIT is a unique institute in British Columbia and the reputation of the school depends on the people who graduate here. I feel BCIT is the best post-secondary institute in British Columbia and I am proud to be a part of it. I would like to come back in the future and contribute a little more.

Robert Sawka

TO THE NUCLEUS STAFF.....

I WOULD LIKE TO EXPRESS MY SINCEREST THANKS TO THE FOLLOWING STUDENTS WHO GAVE MANY HOURS OF THEIR TIME TO PUT TOGETHER THE 1975/6 EDITION OF NUCLEUS.

VERONICA TIMMONS (EDITOR IN CHIEF)

JACK GEOFFREY FOR ORGANIZING THE GRAD SECTION

BRUCE WITZEL FOR HIS WORK ON LAYOUT

KATHY MAH FOR THE FIRST YEAR SECGTION

SUSAN MACLAREN FOR HER HELP ON LAYOUT

JULIA BIRD FOR ORGANIZING LAYOUT

MARGARITA ESPOSITO FOR LAYOUT AND TYPESETTING

BEN WIENS FOR HIS HELP ON LAYOUT

JENNIFER MACGILLIVREY FOR TYPESETTING HELP

SAM LIM FOR HIS NEVERFAILING HELP WITH PHOTOGRAPHS

TED EDWARDS FOR HIS PHOTOGRAPHIC EXPERTISE

CHRIS THORNHILL FOR TAKING THE PHOTOGRAPHS

DAVID EDWARDS FOR TAKING PHOTOGRAPHS

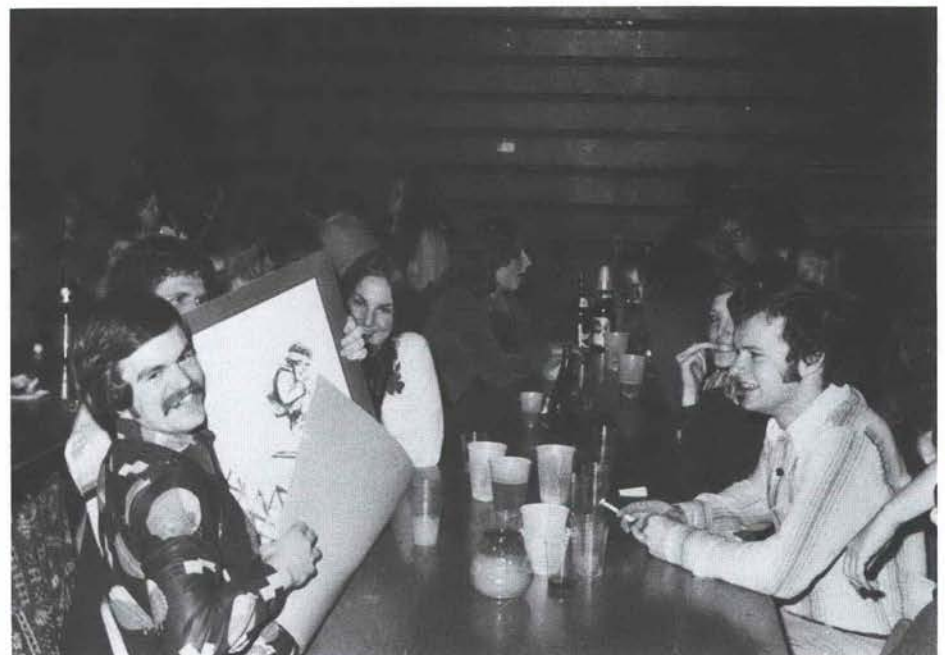

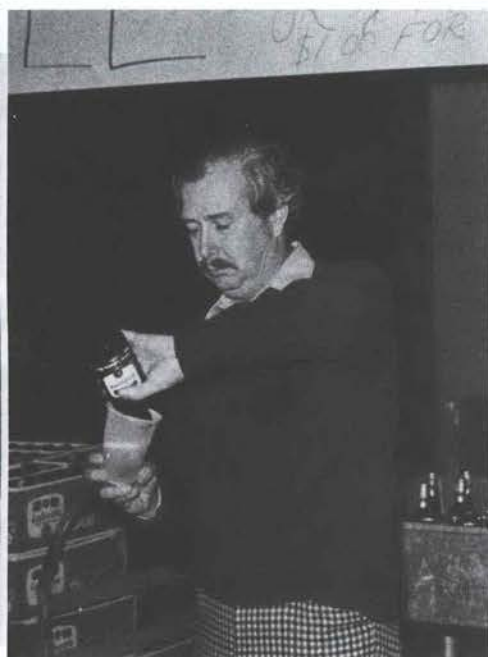

AND TO EVERYONE ELSE WHO CONTRIBUTED THEIR TIME AND EFFORT TO MAKE THIS YEARBOOK A SUCCESS.

YOU ALL DID A GREAT JOB TO MAKE THIS EDITION OF NUCLEUS A WORTHY MEMENTO FOR THE GRADUATES AND FIRST YEAR STUDENTS OF BCIT.

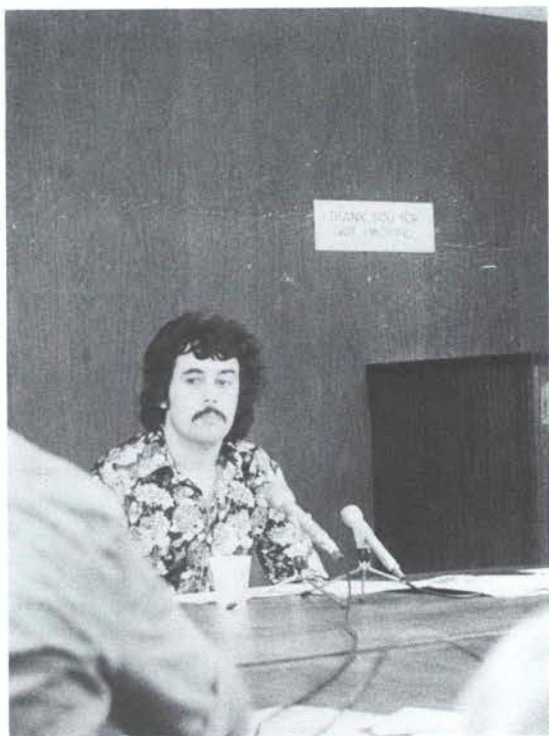

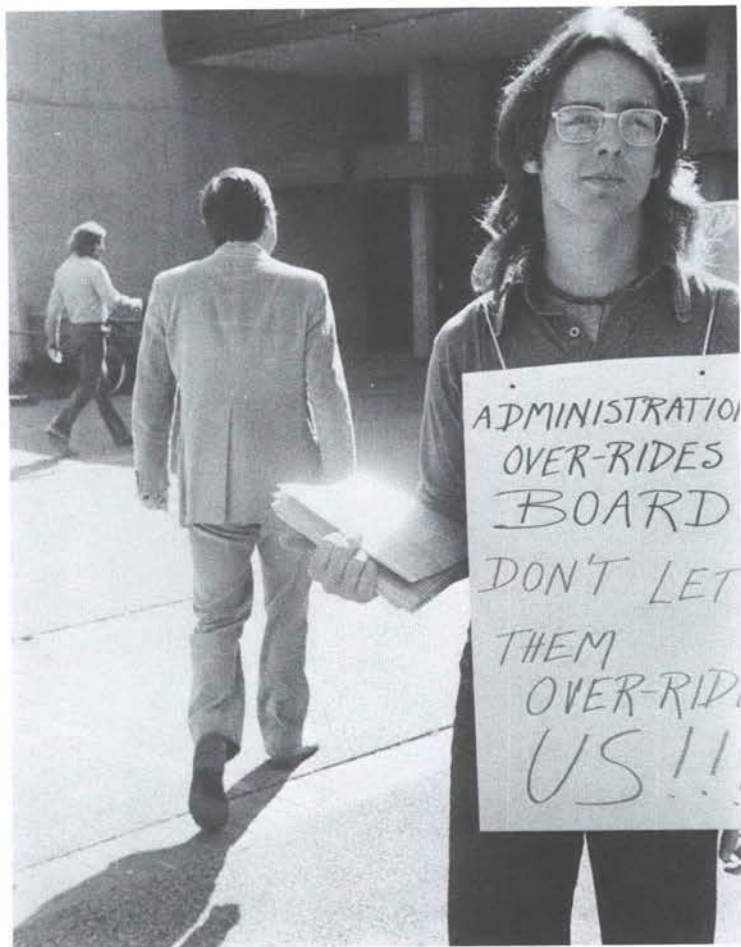

THANK YOU
SUSAN ATKINSON
EDITOR

BCIT STUDENTS FOUGHT INFLATION-----AND WON

"Guess what Dad... I graduated!"

**No matter what you say,
Long Distance is a bargain.**

B.C. TEL 

“Out of your 100 foot tree”

This year, every Canadian will use the equivalent of a 100-foot tree...for everything from building materials to paper for dress patterns.

Out of “your” tree and millions like it comes the paper you write on, and read from...the paper that filters your coffee and wraps your morning breakfast cereals...the soft facial tissues and tough sandpapers...electrical insulation and battery separators...medical and surgical packs...coloured catalogues and greeting cards...wallpapers, cartons and boxes, and even the paper bags you carry your groceries home in.

Because trees are a renewable resource we can keep up with this heavy, continuing demand.

Through long-range planning and sound forest management, our forests will not only provide for the continuous production of fibre, but also for the protection of fisheries and wildlife resources, recreation areas and the maintenance of water and soil resources.

**British Columbia
Forest Products Limited**

To us, it's beautiful

After all, beauty "is" in the eye of the beholder

To others, it may be just a large grey cylinder chock full of filtration units.

But we look at it and see clearer air for the City of Trail and conservation of what used to be a waste product. We also see advanced technology meeting challenges, solving problems.

To us, that's beauty.

**THE MAYOR and MEMBERS
of the COUNCIL of
the MUNICIPALITY of BURNABY
EXTEND CONGRATULATIONS
and BEST WISHES
to the 1976 GRADUATING CLASS
of B.C. INSTITUTE
of TECHNOLOGY BURNABY, B.C.**

Meet some of the group ...

The Canfor Group. Canadian Forest Products Ltd. and its affiliated companies. Fourteen major mills and logging operations working together in an integrated forest industry complex.

But more important, a group of people, 4,500 strong, covering virtually every profession, trade and skill. People we take pride in, because our continued growth and expansion has resulted from their efforts.

For over 30 years, the Canfor Group of companies has grown with Western Canada, harvesting the forest resource on a sustained yield basis and striving to obtain the highest economic utilization of the wood supply. Our markets cover Canada and encompass the world.

Chances are, you've already met some of the Group, and use Canfor products. If not, let's get to know each other.

Canadian Forest Products Ltd.

and affiliated companies

Head Office: Fifteenth Floor / 505 Burrard Street / Vancouver 1 / B.C.

The Canfor Group manufactures Pulp, Plywood, Hardboard, Lumber, Shingles and Shakes . . . and has building materials distribution warehouses from coast to coast.

BOARD OF GOVERNORS

TO THE STUDENTS WHO ARE GRADUATING THIS YEAR,

THE CHAIRMAN AND MEMBERS OF THE BOARD OF GOVERNORS

EXTEND CONGRATULATIONS AND SINCERE BEST WISHES

FOR A CHALLENGING AND SUCCESSFUL FUTURE CAREER.

AS SKILLED TECHNOLOGISTS

YOU WILL NOT ONLY BE WELL PREPARED

FOR FUTURE PERSONAL ACHIEVEMENT IN YOUR CHOSEN CAREER

BUT YOU WILL BE MAKING A VERY REAL CONTRIBUTION

TO THE PROSPERITY OF THE PROVINCE.

IT IS HOPED THAT YOU WILL MAINTAIN

A CONTINUED INTEREST IN B.C.I.T.

AND THAT THROUGH ACTIVE PARTICIPATION

IN THE ALUMNI ASSOCIATION, YOU WILL PROVIDE A VALUABLE

CONTRIBUTION TO THE GOALS AND OBJECTIVES OF THE INSTITUTE.

INDUSTRY SERVICES

CONGRATULATIONS TO THE 1976 B.C.I.T. GRADUATES.
