In loving memory

SILVIA LEUNG

Silvia was born in Hongkong on October 7, 1970. She spent her early years in a very traditional girls school in Hongkong, followed by three years at Edgehill College in North Devon, U.K., where she received her senior matriculation (the equivalent of Grade 12).

Silvia and her brother, Hugo, and their mother came to Vancouver in 1989. Her father wanted the very best post-secondary education for Silvia and BCIT was chosen because of the excellent career opportunities offered.

Silvia was extremely focused and worked diligently, taking a number of courses in administrative management and later in financial management, through a combination of day-time and evening studies. Following a brief visit to Hongkong in late 1992 where she worked with a computer company, she returned to BCIT to complete the final term of the financial management diploma program.

Silvia was a caring, kind-hearted person, fond of music and singing. She also enjoyed reading and cycling.

Silvia was deeply loved by family and friends.
